A REMARKABLE

Private Collection of Firearms

With Edged Weapons, Indian Arrow-heads, Stone Axes, Celts, and Beading

THE PROPERTY OF A

GENTLEMAN OF NEW YORK

A Collection of Some Forty Years' Growth
Emphasising the Development of the

REVOLVER AND THE GUN

And containing many unusual items, both in workmanship and historic association, including the Double-Barrel Flintlock Gun of

NAPOLEON I.

To Be Sold by Auction
Wednesday Afternoon, February 14, 1923,
at 2 o'clock

THE WALPOLE GALLERIES

12 West 48th Street New York, N. Y.

Telephone: Bryant 4140

Sale Conducted by Mr. Walter S. Scott

Conditions of Sale

1. ALL BIDS TO BE PER LOT. They are executed free of charge by the Walpole Galleries and the items are bought at the lowest price permitted by competitive bids.

2. The highest bidder to be the buyer; in case of disputed bids the lot shall be resold, but the Auctioneer will use his judgment as to the good faith of all claims and his decision will be final. He may also reject any fractional or nominal bid calculated to delay or injuriously affect the sale.

3. Buyers to give their names and addresses and to make such cash payments on account as may be required, in default of which the lots purchased to be immediately resold.

4. GOODS BOUGHT TO BE REMOVED AT THE CLOSE OF THE SALE. If not so removed, they will be held at the risk of the purchaser and these Galleries will not be responsible if such goods are lost, stolen, damaged or destroyed. No deliveries will be made during the sale.

5. TERMS CASH. If accounts are not paid at the conclusion of the sale, or, in the case of absent buyers, when bills are rendered, these Galleries reserve the right to dispose of the goods without notice to the defaulting buyer and all costs of such re-sale will be charged to the defaulter. This condition is without prejudice to the rights of the Company to enforce the sale contract and collect the amount due without such re-sale at its own option.

6. This catalogue has been compiled by a competent cataloguer the various lots offered are described with care and accuracy and they will be sold not subject to return.

7. The Walpole Galleries, if requested, will forward purchases at the buyer's risk and expense.

Priced copies of this catalogue at $3.00 each after the sale.

Telephone Bryant 4140

NOTE

AN EXPRESSION FROM THE OWNER OF THE COLLECTION.

"Nearly every stage in the improvement of firearms has its own peculiar associations and traditions, and they are generally of a very stirring character. There are many methods of studying history, but I know of none more interesting than that to which the careful and intelligent collection of old firearms furnishes the clew. It may be a novel method of arriving at the facts of history, but no one who has undertaken it will be willing to say that it is either dull or unprofitable. Speaking from my own experience, other forms of collecting are not to be compared with it for genuine interest, and it is far from expensive. I was drawn into it through a natural love for guns and hunting, and I do not wonder that many sportsmen have taken it up."

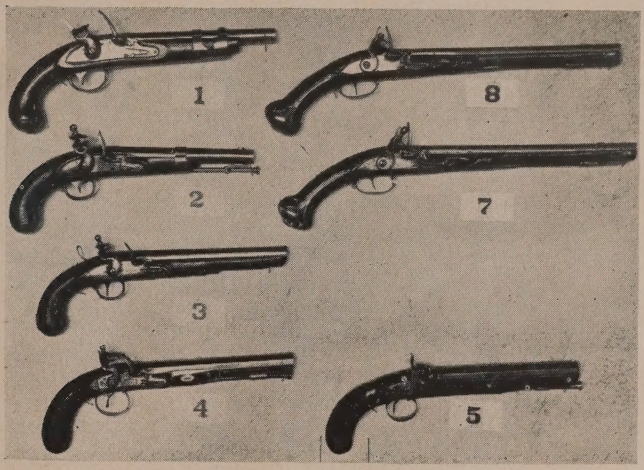
NOTE FOR THE BUYERS.

We have preserved the original numbers of the Collection, as each gun was privately numbered to correspond by the owner and confusion is thus avoided. It makes the numbering of the catalogue a little erratic (there being actually only 381 lots offered), but will not interfere in any way with the bidding, as there are no duplicate numbers, and the numbers on the illustrations agree with the Catalogue numbers. It is hoped that the unusually large number of illustrations will give confidence in bidding, and we are delighted to be able to say that the quality of the Collection is so high and the condition of the individual pieces so fine and unmarred, as a whole, that we think the buyers will be universally pleased with their selections. It is rarely that such an opportunity is offered, and to be able to select freely from a Collection that was begun forty years ago is something of a privilege today.

Private Collection of Firearms

THE PROPERTY OF A

NEW YORK GENTLEMAN



1. NORTH FLINT LOCK: Calibre ½ inch.
L. 15½; barrel to breech 9. Smooth bore, extended wood-stock. Mark: S. North, Middletown, Conn. Top of hammer for holding flint gone.

2. JOHNSON FLINT LOCK PISTOL. L. 14, Cal. ½ inch.
Smooth bore; half extended wood stock. All trimmings steel swivel ramrod. Marked "U. S.-J II-P 99C." On lock is stamped "R. Johnson, Middletown, Conn., 1841." Stamped on wood of left grip in ellipse "11C" and in another "W A T."
Very fine condition.

3. ENGLISH HORSE FLINT-LOCK PISTOL. L. 14½; Cal. ⅝ in.
Plain rifled barrel with full extended wood stock; brass mounts. Made by Ketland & Co., London.

4. VERY FINE REVOLUTIONARY (ENGLISH) FLINT-LOCK PISTOL. L. 15, 20-guage.

A flint-lock of the highest grade, with "Fowler" in gold inlay in the lock. Blued octagon rifled barrel; with beautiful stock (repaired) of Circassian walnut.

Obtained at Concord, Mass., with a letter, 1902, showing its history in the family from whom it was procured. BEAUTIFUL SPECIMEN. Gold pan and vent—on top, under guard, ebony ram rod, with screw on end; silver name plate. Used at Battle of Bunker Hill by Simon Hanscomb, June 17, 1775.

5. (SHARPE) ENGLISH DUELLING PISTOL. L. 14¼; Cal. 9-16 in.

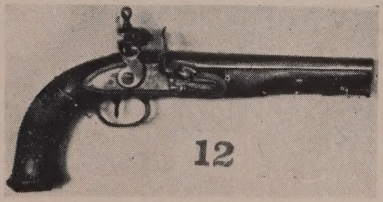
Octagon smooth bore barrel; with full extended mahogany stock. Mahogany stock finely checked. Gun absolutely complete including ramrod. Safety on right side of lock and trigger adjuster in trigger guard.

Very fine specimen, with engraving and silver name plate.

7-8. PAIR OF ORIENTAL FLINT-LOCK DUELLING PISTOLS. L. 20½, Cal. ⅝ in.

Barrel smooth-bore, round to rib, with extended circassian walnut stock, finely carved, probably 16th Century Moorish or Turkish. Pair of high grade pistols. The stocks beautifully carved with engraved brass and gold filigree trimmings, with brass finish end of fore stock, slight damage at the fore-end.

The barrel runs to heavy rib center, on which is engraved "George Kelser, In Wien" (or Vienna). The makers bench mark is on top of barrel at breech, but is obliterated. The guns have brass sight set back two inches from muzzle. Both guns are equipped with pan cleaning rods, carried under barrel.



12

12. HANDSOME OLD FLINT LOCK PISTOL. L. 14½, Cal. 11-16 in.

Finely checkered stock and flint. Two proof marks, "double arrow," on top of barrel, also square relief inlay, with raised letters SPA-CNA. Brass trigger guard and plate on end grip. Bronze firing pan, ramrod, etc. Gun complete, except one brass Roman ornament under stock missing.

13. ENGLISH PERCUSSION PISTOL. L. 15 in., Cal. ¾ in.

Smooth-bore, with full extended walnut stock (with crack).

Proof marks on barrel. Also "LONDON" on lock plate, brass butt, brass nipple guard and brass tipped end of extended stock, no ramrod.

14. HIGH GRADE ASTON PERCUSSION PISTOL. L. 14½. Cal. 9-16 in.

Smooth-bore, three-fourths extended stock. Mark: U. S. H. Aston, Middletown, Conn., 1850, on lock and barrel. Brass rib down back of grip, heavy brass end of grip, brass trigger guard extending to butt, and brass band near end of extended stock. Steel swivel ramrod. Marked on barrel "U. S." and under J H and under P on top near barrel.

Fine specimen.

15. ENGLISH (ALLPORT) PERCUSSION PISTOL. L. 13½, Cal. 7-16 in.

High-grade, smooth bore, half octagon brass barrel, with full extended mahogany stock; and ramrod. Mark: "*W. Allport* and *London.*" See two crowns with "W A" on left breech top. Trimmings brass.

Fine specimen, made over from flint lock.

16. GOFFART (ENGLISH) FLINT-LOCK HORSE PISTOL. L. 11½, ⅝ bore.

Bronze barrel and checkered grip; a smooth-bore of the highest grade. Engraved, etc., very heavy ribbed one half of barrel. Queen Anne cannon style. Extended stock; trimmings steel engraved and checkered grip inlaid in silver "points."

Excellent specimen.

17. SHORT HORSE PISTOL. L. 10, Cal. 9-16 in.

Good percussion example; with rifled octagon barrels, and checkered grip. Cap box in butt. Trimmings brass. Barrel apparently twists, proof No. 15.

Ramrod missing.

18. ENGLISH PERCUSSION PISTOL. L. 10¼, Cal. ½ in.

Half octagon barrel, smooth bore, with full stock, finely checkered grip. King George II coat of arms on top. Made over from flint. Finely built and engraved. Trimmings steel and delicately fashioned. Steel butt plate engraved.

19. FINE ITALIAN FLINT-LOCK DUELLING PISTOL. L. 10, Cal. abt. .20.

From the Farnese Palace, Rome; date about 1700. Beautiful extended burl-walnut grip; note gold inlay top barrel at breech and engraving and trimmings in gold plating, in a design of a Mars in a chariot drawn by lions, chiselled steel lock and plate, a dog in gold relief, etc., and the maker's mark; fine working order.

20. BELGIAN PERCUSSION HORSE PISTOL. L. 12 ins.; Cal. ⅝ in.

Extended walnut stock, checkered grip; with handsome brass barrel.

A thoroughly high grade pistol. Trimmings bronze, with bronze cap on butt. In perfect order, except no ramrod.

21. SAVAGE RIM FIRE REVOLVER. L. 15, Cal. 36.25.

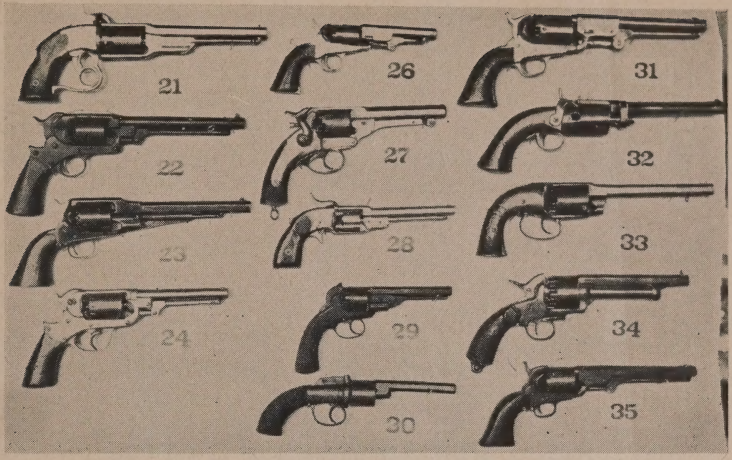
Made in Middletown, Conn., and Pat. 1856-60 by H. S. North; rifled octagon barrel with black walnut stock. Front of cylinder fits over rear of barrel. In order that the cylinder may revolve the mechanism moves it backward each time hammer is cocked

Carried in war by one of Mrs. Moody's family. On shelf for years *loaded*. The Government issued a contract for 5500 of these in 1861, costing $20.00 each.

22. HEAVY STARR ARMY REVOLVER. L. 13½. Cal. 44.

6-shot, blued rifled barrel, walnut stock. Patented in 1856, serial 27250, single action.

Heavy arm gun, well made and in perfect order.



23. REMINGTON ARMY REVOLVER. L. 14, Cal. 44.

6-shot, percussion, paper cartridge, rifled blued barrel, walnut stock. Serial, 54060. Mark: Pat. 1858 (Beals); E. Remington & Son, Ilion, N. Y.

Heavy army revolver, such as used extensively in the Civil War.

24. STARR SIX SHOT REVOLVER. L. 13½. Cal. 44.

Rifled barrel, walnut stock. Mark: Starr Arms Co., N. Y." Pat. 1856. Early serial No. 2701.

26. FINE COLT SIDE ARM REVOLVER, 5-SHOT. Cal. 36. L. 9½.

Octagon steel rifled barrel, rosewood stock, centre fire, brass mounts. Mark: Address Col. Saml. Colt, U. S. A. Colt's Patent. Serial 12,856. Chamber at rear champered off.

Good condition.

27. CONFEDERATE NAVY (ENGLISH) PERCUSSION PISTOL. L. 11, Cal. 45.

Octagon steel rifled barrel, checkered grip. Mark: London Armoury Co., Kerr's Patent 6753. Heavy gun. Hammer on right side. Single action, ring butt.

On left top barrel L. A. C., also crowns with P and V under it. This revolver was the pistol generally used in the Confederate army in Civil War.

28. ALSOP 5-SHOT SIDE ARM. L. 10½; Cal. abt. 40.

Octagon rifled barrel. Mahogany stock. Mark: C. R. Alsop, Middletown, Conn., Pat. 1860-62. Very early serial 54. Very peculiar form of cylinders, nipples being in deep cups. Hammer falls in direct line of sight in center of gun, but bent so that in shooting it does not interfere with the sight. Patent lever for loading.

29. BEAUTIFUL IRISH SIDE ARM OR HOLSTER REVOLVER. L. 9½, Cal. .36.

Blued octagon barrel, with mark "J. Neill, Belfast," "V. R." Patent, serial 2283. Very fine arm. Double action. Long, graceful and finely checked grip with silver plate. Gun well balanced. Ramrod hinged below barrel.

30. EARLY LONDON REVOLVER. 6-shot, L. 12, Cal. .44.

Top snap, percussion; octagon barrel, smooth-bore, engraved and checkered frame and stock. Made by J. Neill, J. W. Laird's Pat., London.

Very peculiar shaped gun, bordering between pepper box and revolver. Double action. No extractor. Paper cartridges intended to be used. Top snap, pepper box type, a little to the right to permit of sighting, incised frame. Used during Civil War.

31. COLT "DRAGOON" REVOLVER. L. 15; Cal. .44.

Percussion. One of the much sought variety of Colt's make. Usual 6 shot, single action. Exceptionally good condition. "Address Sam'l Colt, New York City." Note that the title "Colonel" is missing and the address is prior to his Hartford factory. It follows the fire and failure that overtook his start in business in Paterson, N. J. Very heavy, all plain steel, except brass trigger guard.

Marked "Colts Patent," Serial 18571.

32. WESSON & LEAVITT ARMY REVOLVER. L. 14½, Cal. .38.

Heavily rifled blued barrel, rosewood stock with brass trigger guard. Mark: "Wesson & Leavitt's Pat." "Mass. Arms Co., Chicopee Falls." Cylinder revolves to left, very heavy but well made. These guns are rare and this specimen is in perfect condition. The barrel unlocks from lever over cylinder spindle and turns back, permitting cylinder to be slipped forward for cleaning or reloading.

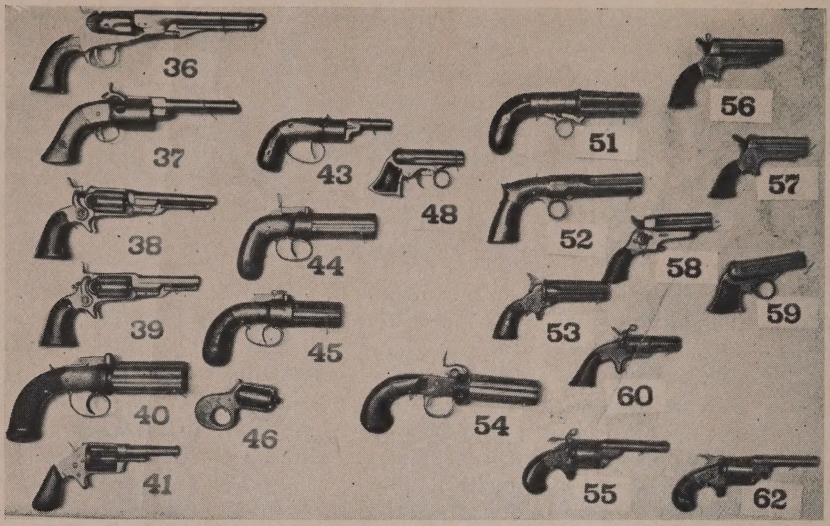
33. HANDSOME PETTINGILL'S HAMMERLESS. L. 14, Cal. .44.
Octagon rifled barrel, with walnut stock. Mark: Pettingill's Patent, 1856, and Raymond & Robitaille, 1856. Serial 3283. Known as Pettingills hammerless revolver, double action. This gun probably was used during the Civil War, as on Dec. 26, 1861, the United States Government contracted with Rogers Spencer & Co. of Willow Vale, Oneida County, New York, for 5000 Pettingill revolvers. Owing to the delicate mechanism they proved unserviceable.

34. SUPERB CONFEDERATE "LEMAT" REVOLVER. L. 13. Rifled octagon and round bbls., checkered walnut grip with set ring in butt. Mark: "Col. Le Mat B'te, s.gd.g. Paris," serial 1077. The arm in very fine condition, showing traces of original browning. This gun has a cylinder arranged for nine shots. The cylinders revolve on a tenth cylinder, from which is fired buckshot. The inner cylinder or buckshot barrel being 66 gauge. The nose of the hammer is made with a joint so that when turned up it fires the ball portion of the pistol and when turned down strikes the nipple which fires the center chamber. These guns were made for Slidell & Beauregard, Charleston, South Carolina, for the officers of the Confederate States of America. About 200 of them being delivered. It is a very rare arm and seldom found outside of collections. VERY RARE AND FINE PIECE.

35. COLT CIVIL WAR PERIOD NAVY REVOLVER. L. 13. Cal. .36.
Percussion. Calibre .36. The Colt of song and story, "the winner of the West." Although a "navy" model it was issued to both army and navy in the war and when ex-soldiers took up their land grants in the West their boon companion was the old "peacemaker." Brass trigger guard and underframe, octagon barrel, black walnut stock, "Colt's Pat." and "Address Sam'l Colt. New York, U. S. America" on barrel. Condition excellent. Serial 79201.
Perfect specimen.

36. COLT'S .36 SIDE ARM. 5-SHOT, L. 11½.
Nickel finish with mahogany grip. Pat. 1850, Serial 6994.
Gun in perfect condition, excepting lock spring. This round barrel type Colt, with peculiar indented chamber not at all common.

37. SIX SHOT SIDE ARM. L. 9½, Cal. .32.
Percussion, rifled barrel, black walnut stock (resembles the Wesson & Leavitt), but cylinder revolves to right. No marks. Hammer to right side of center of barrel. Frame iron engraved.
Rare weapon, very odd in construction.



38. COLT POCKET REVOLVER. L. 9, Cal. .34.

Nickel finish, burl mahogany grip, indented cylinder, Patent date obliterated but about 1850. Wood grip one piece. Hammer on right side. Good specimen and one of early type.

39. COLT'S POCKET REVOLVER. L. 8 in. Cal. .30.

Side hammer, octagon blued barrel. Pat. Sep. 10, 1850.

Hammer on side, barrel removed by removing bolt screwed in at rear.

40. ENGLISH PEPPER BOX. L. 9, Cal. abt. .45.

Blued, engraved smooth-bore indented barrels, self-cocking, double action. Mark: Moore & Woodward, London, and "Crowned V." VERY FINE SPECIMEN, BOTH WORKMANSHIP AND MATERIAL. Much better specimen and in better condition than most pepper-boxes. The frame is heavily engraved and silvered, trigger guard and top snap hammer engraved. Safety on top of barrel. Rosewood grip very finely checkered with rectangular silver plate set in grip; end of grip, covered with steel cap opening for percussion caps.

41. BROOKLYN ARMS POCKET REVOLVER. L. 7 in., Cal. .32.
Brass frame, hard wood stock. Pat. by F. P. Slocum, 1863, for Brooklyn Arms Co. Serial 4642. Has sliding bushing in the cylinder, which when pushed forward permits shell to be laid in cylinder and bushing slide back over it. Bannerman calls it the Walsh Patent. The method of loading was undoubtedly a means of escaping a patent as the shell or cartridge is not pushed with the cylinder from rear but laid in and the bushing slid back over.

43. ELLS SMALL "GOOSENECK REVOLVER. L. 6½, Cal. .30.
Mark: "J. Ells, 1854," with burl walnut stock.
Very peculiar stubby revolver, with top snap, similar to the pepper box, nipples well forward on cylinder and at angle of about 45 degrees.

44. ALLEN & THURBER PEPPER BOX. L. 7, Cal. .32.
6-shot, strap cylinder, bone handle; top snap. Fine specimen, barrel marked, on rib, "Allens Pat" with "bench mark" and "cast steel" on same rib. Allen Thurber, Norwich C-T also marked on hammer. Frame heavily engraved, with bone handle. Gun fairly well made and in good condition.

45. MARSTON & KNOX PEPPERBOX. L. 6¾; Cal. .36.
Six shot. .31 calibre. Ribbed barrel, top snap hammer. W. W. Marston's Patent of 1849. Stamped "W. W. Marston & Knox, New York, 1854." Engraved frame, black walnut stock. Good condition. Scarce.
Barrels heavily ribbed, frame engraved, top snap, gun in fine condition.

46. "MY FRIEND" 7-SHOT KNUCKLE REVOLVER. L. 4; Cal. .22.
Engraved bronze frame. Very good condition. Serial 10313. Pat. Dec. 26, 1865, by J. Reed.
This gun uses a rim fire cartridge and is known as a "knuckle revolver"; also called the "knuckle duster" and was used for close work, and as the name would signify could be used as a brass knuckle. Engraved on side of frame above chamber "My Friend."

48. REMINGTON-ELLIOTT. L. 4½; Cal. .22.
Five barreled. Ring trigger. Rosewood grips. Stamped "Elliot's Patents May 29, 1860, etc., Manufactured by E. Remington & Sons, Ilion, N. Y." Condition fine.
Gun is of the Sharpe type, in that the firing pin revolves, the barrels being stationary. It is double acting, there being a ring trigger which is pushed forward and on pulling back revolves firing pin and strikes cartridge.

51. RARE LEFAUCHEUX (FOUR BARREL) PEPPERBOX. L. 7½; Cal. .40.

Double action; burl chestnut grip, pin fire. Mark: "*I(nvention) Lefaucheux B(rev)te Arq'ep de M'gr Le Duc de Nemours.*" (Son of Louis Philippe.)

Very fine specimen. The grooved barrels and separate breech revolve, breech being semi cone shaped. Frame exquisitely engraved and silvered. Hammer engraved and underneath barrel. Self cocking with ring trigger. Gun in perfect condition.

52. THE RARE LEONARD FIVE SHOT PEPPER BOX. L. 7¾; Cal. about .30.

Hammerless, percussion ring trigger, with fluted rifled barrels and rosewood grip. Mark: Robbins & Lawrence, Windsor, Vt. Pat. 1849 (by G. Leonard Jr.). Butt No. 2671.

Barrels are bored in one piece, hinged to swing downward and expose the nipples for capping, the nipples being on the axis of the bore. Gun is double acting. The hammer is inside of frame. A pull upon the ring lever automatically revolves the hammer. Whenever lever is drawn back the real trigger is exposed. The arm may be let down from full cock without firing by pressure upon the stud on the back of handle, the whole finely engraved in a scroll pattern.

53. RUPERTUS EIGHT SHOT PEPPER BOX. L. 5½; Cal. .22.

Rim fire, blued fluted barrels and brass frame with mahogany grip. Mark: "Rupertus Pat Pistol Mfg. Co., Philada., patented 1864."

In fine shape. This is a rare weapon, milled edge cylinder guard.

54. GOLD BRONZE SIX SHOT PEPPER BOX. L. 8½; Cal. .28.

Indented barrel, trigger and hammer of steel—all other parts polished bronze with light-grain hard wood stock; the nipples protected by a mushroomed piece of bronze.

Mark "IMH" on frame. Hammer differs from ordinary pepper box being hammer with thumb ear, not flat and self cocking, as the ordinary pepper boxes. Very rare specimen and readily put in perfect order.

55. NATIONAL ARMS 5-SHOT POCKET REVOLVER. L. 7½; Cal. .32.

THE FIRST SMITH & WESSON.

This was one of the first of this type and was made by Moores Pat. Fire Arms Co., Brooklyn, N. Y. The shells or cartridges are pushed in from front of chamber instead of rear. This revolver takes cartridge of peculiar and immature type. Frame is of carved gold bronze.

56. SHARPS FOUR SHOT POCKET REVOLVER. L. 6 in.; Cal. .30.

Rim fire, rosewood grip. Mark: C. Sharps & Co., Philada., Pa. Pat. 1858, serial 17759.

Frame brass, revolving firing pin and hammer. Guns of this character were carried by officers during Civil War.

57. SHARPS 4-SHOT REVOLVER. L. 5; Cal. .22.
Rim fire. Pat. 1859, and serial 51742.

Has carved handle. Revolving firing pin on hammer. Barrels slip forward for loading. No extractor. These pistols were extensively carried by officers during the Civil War.

58. STARR'S 4-SHOT POCKET PISTOL. L. 5½; Cal. .32.
Rim fire, rosewood stock. Mark: Starr's Pats. May 10, 1864.

Side hammer. Frame brass or composition, revolving firing pin hidden in frame, not on hammer. Button trigger (rare form), barrels tip from end of frame.

59. REMINGTON SMALL 4-SHOT RIFLED PISTOL. L. 5¼; Cal. .32.
Nickel finish; Hammerless ring-trigger. Mark: Manufactured by E. Remington & Sons, Ilion, N. Y. Eliott's Pat. 1860-1861.

Gun is of the Sharp type in that the firing pin revolves, the barrels being stationary. It is double acting, there being a ring trigger which is pushed forward and on pulling back revolves firing pin and strikes cartridge.

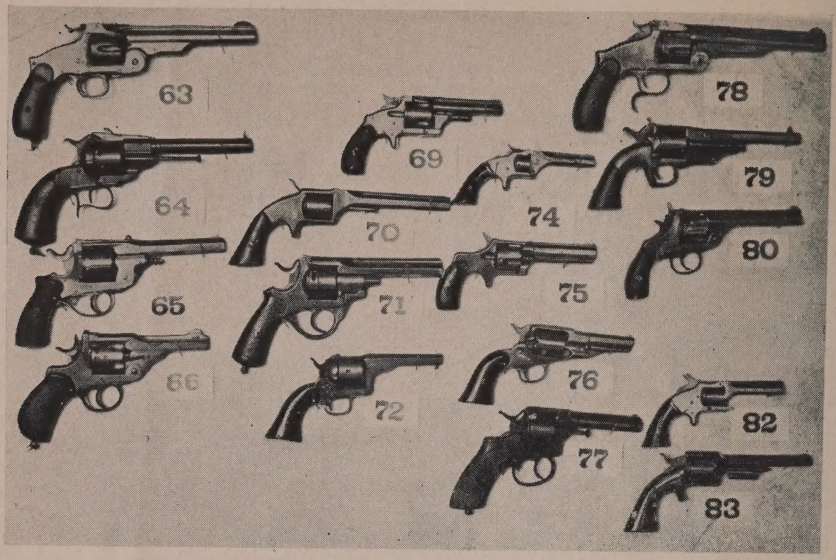
60. CONTINENTAL ARMS POCKET PEPPER BOX. L. 5½; Cal. .22.
Five-shot, rim fire, ebony grip, the breech end of the barrels cylinder shape (rare form). Mark on cylinder Continental Arms Co., Norwich, Conn., Pat. Aug., 1866.

The pepper box barrel turns in a fixed ring at end of frame. Specimens not common.

62. NATIONAL ARMS POCKET REVOLVER. L. 7; Cal. .32.
Rim fire, rifled barrel, bird head form mahogany grip, 6-shots. Mark: Obliterated (Pat. 1864 by D. Williamson). Serial 27733. This pocket revolver takes cartridge of peculiar and immature type, the frame is bronze plated and engraved. A peculiar lever is so arranged as to push the exploded shell forward for removal, the shells or cartridges are pushed in from front of chamber instead of rear.

63. SMITH & WESSON RUSSIAN MODEL. L. 12; Cal. .44.
Military or holster 6-shot, centre fire, barrels round to high rim, walnut grip with ring butt. One of the early type "tip-up" models of Smith & Wesson revolvers. Very heavy, for saddle use if desired. Ring on grip.

64. LEFAUCHEUX MILITARY REVOLVER. L. 11½; Cal. 44.
Six-shot, pin fire, round rifled barrel, and walnut stock with ring grip and high ball front sight, blued cylinder, single action. Mark: *Inv'on E. Lefaucheux Br'te Paris,* Serial 20688.



65. HIGH GRADE BELGIAN REVOLVER. L. 10; Cal. about .50. 6-shot, centre-fire, octagon barrel, checkered grip. Mark: *Belgian proof mark, medallion E. L. G.*

Tip up type with lever on left side. Clip on top to hold barrel broken off. Gun otherwise in perfect order and of unusual mechanism of this type.

66. FRAZER (SCOTCH) HOLSTER REVOLVER. L. 9; Cal. .45. Cap and ball; hexagonal barrel, smooth bore, nickel finish; checkered stock. Mark: *Webley Mark I Patents.* Made in Edinburgh. A rare form of Scotch revolver. Stocky, heavily built, single or double action. Ring in end of grip. Marked on top of barrel (left), next to breech.

Note double ear in front of chamber to keep gun from catching when pushed into holster.

69. MERWIN HURLBUT (NEW YORK) REVOLVER. L. 8; Cal. .38 Nickel finish, barrel round to rib with half moon sight; centre fire, checkered rubber grip. Mark as above and Hopkins & Allen Pat's 1874-77. This gun is a heavy serviceable, thoroughly well made gun, being a long barrelled army revolver using the Winchester 44 calibre model 1873 cartridge, but lacking in not having an extractor. The barrel and the top of the frame revolve on the cylinder pin as an axis and then together with the cylinder they slide forward for loading and extracting. Revolver same calibre, etc., as No. 198, the latter being elaborately decorated with pearl handle.

70. RARE PRESCOTT REVOLVER. L. 11; Cal. .32.
Six shot, rim fire, barrel octagon to rib; rosewood stock. Mark: *E. A. Prescott, Worcester, Mass.* (1860)." Chambers held with pin which passes under barrel. Frame brass. Perfect condition. Very high grade weapon and beautifully balanced. Similar in shape to the early Smith & Wesson guns.
Very few were made, and tried by the U. S. Navy.

71. LAWSON (SCOTCH) ARMY REVOLVER. L. 10; Cal. 45.
Nickel finish; 6-shot, centre-fire, rifled barrel octagon to rib, finely checkered rosewood stock, with ring attachment; trigger guard. Repaired. Marked "Wm. Niven, 1st L. A. V." on left side barrel, also "J. Lawson." 70 Argyle Street, Glasgow. Single or double action. Fine condition.
Very peculiar mechanism. Pushing lever under trigger guard to left releases front trigger guard which opens forward throwing the entire barrel and chamber up and back. By further push of lever it works the extractor.

72. EARLY SMITH & WESSON REVOLVER. L. 9; Cal. 30. Rim-fire, octagon barrel; frame silver-gilt (wearing), carved and incised. Mark: Moore's Pat. Fire Arms Co. for Smith & Wesson, 1855-60. No. 7762.
Note peculiar shape of gun from cut. In perfect order excepting loss of cylinder pin.

74. SMITH & WESSON POCKET REVOLVER. L. 7, Cal. .22 short.
Rim-fire, 7-shot, barrel octagon to rib, tip-up model, brass frame (silvered, but wearing). *Smith & Wesson, Springfield, Mass.*"

75. REMINGTON-SMOOT POCKET REVOLVER. L. 8; Cal. abt. .38.
Rim fire, 6-shot, barrel octagon to rib, nickel finish with hard rubber grip; hand-worked extractor on side of barrel. Mark: "E. Remington & Sons, Ilion, N. Y. Pat. 1873 by Smoot.

76. REMINGTON "NEW MODEL" REVOLVER. L. 9; Cal. 38.
Rim fire or percussion, nickel finish, octagon barrel, mahogany stock. Mark: *E. Remington & Sons, Ilion, N. Y. Pat.* 1858-1863. For cap and ball or rim fire,—used end of the Civil War.
The chamber has a plate which permits a rim fire cartridge to be used and by changing the plate it can be made into a cap pistol. Gun in perfect order. A fine specimen.

77. FRAZER (SCOTCH) HOLSTER REVOLVER. L. 9; Cal. .45.
6-shot centre fire, browned barrel, finely checkered stock with ring attachment; flat back cylinder. Made by Frazer in Edinburgh. A rare Scotch (Webley), illustrated in the Strasser Collection. Mark: No. 5733. Webley's Patent. Double or single action, with trigger release similar to Ivers Johnson.

78. SMITH & WESSON ARMY REVOLVER. L. 12, Cal. .44.
6-shot centre fire, barrel round to rib; walnut stock, indented cylinder. Mark: Smith & Wesson, etc., 1860-63. No. 35145. Russian model. Peculiar curve on trigger guard for extra grip. Rare specimen.

79. ALLEN & WHEELOCK REVOLVER. L. 10½; Cal. .32.
Rim fire, octagon barrel, enclosed cylinder, black walnut stock (chipped). Mark: Allen & Wheelock, Worces., Mass., Pat. 1858. Extractor out of order for lack of screw and broken end of push pin.

80. HARRINGTON & RICHARDSON AUTOMATIC DOUBLE ACTION REVOLVER. L. 9½; Cal. .38.
5-shot, centre fire, nickel finish; barrel round to rib; hard rubber grip. Mark: *Harrington & Richardson Arms Co., Worcester, Mass. Pats.* 1889-96. Front lower hinge, tip up model. Same as Smith & Wesson. Perfect condition, weight 15 oz.

82. CONN. ARMS POCKET PISTOL. L. 8 in.; Cal. .30.
6-shot, rim fire; barrel octagon to rib, rosewood grip. Mark: Conn. Arms Co., Norfolk, Conn. Pats. 1864-66. No. 4787. Peculiar cartridge, pushed in from front of chamber, concave rear end of cartridge,—fulminate on edge as with rim fire. No rim on cartridge. Shape section longitudinal.
Fine condition. Frame brass, peculiar extractor on right side of frame under chamber.

83. POND POCKET REVOLVER. L. 10; Cal. .32.
Rim fire, octagon barrel, 6-shot; polished brass frame and rosewood stock. Mark: *I. W. Pond, Worcester, Mass., Pat.* 1868. No. 1053. Chamber removed by pulling pin under. Each chamber has bushing. Cartridges put in bushings, then bushings slipped into chamber. Frame brass.
Specimen in fine order.

87. COLT'S HOUSE PISTOL. L. 7; Cal. .41.
Rim fire, 5-shot; fine brass frame and rosewood grip, round barrel 1⅞ in. in length; round cylinder. Mark: Colt's House Pistol, Hartford, Conn. Pat. 1871.

88. WHITNEYVILLE REVOLVER SIX SHOTS. L. 8; Cal. .32.
Rim fire, Octagon barrel, nickeled frame (wearing from brass), birdhead form rosewood stock; indented cylinder. Mark: Whitneyville Armory Co. (Conn.), No. 9053.
Well contsructed, well designed gun, in fine shape.

89. WESTERN POCKET REVOLVER. L. 5½; Cal. .32.

5-shot; rim fire, nickel finish, 1⅝-inch barrel, hard rubber stock; folding trigger. Mark: *Western Arms Co., Patents Pending.*

90. COLT HOUSE PISTOL. L. 7 in; Cal. .32.

Rim fire. Incised brass frame with mahogany stock of bird head form. Mark: *Colt's House Pistol, Hartford, Conn.* (Made about 1855). No. 1581.

VERY RARE CLOVER LEAF CYLINDER, four shots, 2¼ inch round barrel in good condition. A powerful weapon and the type used in the Stokes-Fisk shooting.

91. FOREHAND & WADSWORTH POCKET REVOLVER. L. 7; Cal. .38.

Nickel finish, 5 shot, rim fire, ivory grip; double action; indented cylinder. Mark: *Forehand & Wadsworth double action No.* 38, *Worcester, Mass. No.* 1921.

93. "DEFENDER" 5-SHOT REVOLVER. L. 7; Cal. .30.

Nickel finish (worn), rim fire, rubber grip. The manufacturer of pistols of this grade put in too many hands a dangerous weapon, especially the class criminally inclined.

94. SMITH & WESSON POCKET REVOLVER. L. 7; Cal. .22 short. Rim fire, brass frame, barrel octagon to rib; rosewood stock: tip-up model. Mark: *Smith & Wesson, Springfield, Mass.*

95. SMITH & WESSON.
Similar to preceding but nickel finish, rosewood birdhead grip, and indented cylinder.

96. REMINGTON SMOOT POCKET REVOLVER. L. 7; Cal. .30.
Rim fire, nickel finish, indented cylinder, barrel octagon to rib, with ejector slide, rubber grip. Mark, as usual. Pat. 1873.

97. PLANT'S MERWIN & BRAY REVOLVER. L. 11; Cal. .40.
Centre fire. enclosed cylinder, octagon barrel to rib; rosewood grip. Marks: Plant's Mfg. Co., New Haven, Conn., for Merwin & Bray, Pat. 1863, N. Y., No. 5506. Brass frame. A graceful, thoroughly well built weapon, hand extractor being on right side of frame carried in slot.

98. PLANT'S MERWIN & BRAY REVOLVER. L. 8 ins.; Cal. .32.
A pretty little .32 of the same model and marks. No. 6524, the brass nickel finished and now wearing.
A graceful thoroughly well built weapon, hand extractor being on right side of frame, carried in slot.

103. FRENCH OR BELGIAN REVOLVER. L. 10; Cal. .38.
Double action pin fire; high cylinder back. Medallion with crowned "PE" on the frame, which is beautifully engraved. Checkered stock with ring attachment. In perfect working order.

104. LEFAUCHEUX ARMY REVOLVER. L. 12; Cal. .44.
Six shot, pin fire, high cylinder guard; burl walnut stock with ring butt. Mark: *I'vn Lefaucheux, Brevete, Paris.* Heavy, well made, for army or holster use. Similar to No. 64.

105. LEFAUCHEUX ARMY OR HOLSTER REVOLVER. L. 11; Cal. .45.
Pin fire, 6-shot, barrel round to rib, otherwise similar to the preceding. 5729 on cylinder—3693 on barrel and crown over A. U. Fine specimen. Wood of grip carved and checked. Double action. In perfect order.

106. FRENCH REVOLVER OF LEFAUCHEUX PATTERN. L. 10; Cal. .40.

Pin fire of about 1855, with No. 529 on frame. Double action, heavily engraved cylinder and frame. Ring in end of grip, grip checked rubber.

107. POCKET (FRENCH) REVOLVER. L. 8 in.; Cal. 7mm.

Pin fire, 6-shot, brass frame; double action, checkered wood stock; octagon barrel. No marks.

108. HIGH GRADE FOREIGN REVOLVER. L. 10; Cal. .38.

Probably Belgian, pin fire, six-shot, numbered on the cylinder, which has closed high back; canon barrel muzzle. No marks. No. 2930. Finely made and finished. Very heavily engraved breech of barrel and frame. Not a graceful gun but carefully made in all details. Grip checked and engraved.

See cut as to shape of grip.

110. SIX SHOT REVOLVER OF FRENCH TYPE.

Blued finish, pin fire, octagon barrel, finely checkered grip with ring butt. No marks.

High grade arm in perfect order.

111. POCKET REVOLVER, PROBABLY SCOTCH. L. 6 in.; Cal. .32.

Blued finish, 1¼-inch barrel, centre fire, checkered stock, indented cylinder, folding trigger with double lever. Marks: Crowned R * P on the frame.

113. FRENCH OR BELGIAN TARGET REVOLVER. L. 10; Cal. .30.

6 inch round barrel, pin fire, rosewood stock, double action, folding spur trigger. Date about 1860, no marks.

114. IVORY HANDLED POCKET REVOLVER. L. 8 in.; Cal. .30.

Pin-fire, nickel finish, octagon barrel, double action, folding spur trigger. Marks: "68" on folding trigger, 2193 *ab and crowned "JBR" on frame.

115. BELGIAN POCKET REVOLVER. L. 7; Cal. .30.

Pin fire, nickel finish, octagon barrel; light chestnut grip and folding spur trigger. Double action. Mark: Belgian Proof mark, serial 11, etc.

116. DOUBLE BARREL POCKET PISTOL. L. 9; Cal. .45.

Concealed triggers, mule-ear hammers, pin fire; burl walnut fluted stock with ring attachment. No marks: probably French Disappearing triggers. Tip up barrel, breech barrels being held down by bolt.

117. BELGIAN DOUBLE BARREL POCKET PISTOL. L. 8 in.; Cal. abt. .44.

Round barrels, percussion, saw handle, date about 1850. Barrels not welded together. Stock rectangular in section and broad. Triggers straight and in line not one in front of the other. Bench mark of crown over letter "N" on rear of right barrel.

118. DOUBLE BARREL POCKET PISTOL. L. 8; Cal. .45.

Percussion, walnut pear shaped grip; date about 1855; proof mark on both barrels but no other marks. Grip broad, but rounded. One trigger straight, front one, which shoots left barrel. Other curved and back near trigger guard.

119. BELGIAN DOUBLE BARREL POCKET PISTOL. L. 8; Cal. .44.

Percussion, saw handle, engraved frame. Belgian proof marks. Good specimen. Barrels screw into breech. Grip rectangular in section. Triggers one ahead of the other.

120. BELGIAN DOUBLE BARREL POCKET PISTOL. L. 8; Cal. .55.

Percussion, date about 1855, rounded walnut stock. Half of right hammer gone. Triggers straight and in line. Very broad at breech (1½ in.). Very broad trigger guard (1 in.). Frame, top and guard engraved. Small silver plate in bend of stock and marked "T. C." also "T. C." stamped in wood on left side near lock. Belgian bench mark on left side barrel at breech. Barrels connected only where attached to breech.

121. ALLEN & THURBER DOUBLE BARREL, SINGLE TRIGGER PISTOL. L. 8; Cal. .35.

Percussion, black walnut stock, round barrels, in one piece, rifled. Mark: Allen & Thurber (date obliterated). Serial 90. Single trigger,—fires right barrel first. These pistols are rare. The principle of the single trigger was followed by the modern gun of 1914 in the Smith single trigger shot gun.

122. BELGIAN SUPERPOSED BARREL PISTOL. L. 8; Cal. abt. .40.

Round plain rifled barrels, percussion, curious shaped walnut grip with darker tip. Belgian proof mark. Two hammers and two triggers, front trigger fires left barrel. Frame engraved on both sides of lock, also under trigger guard.

123. SOUTHALL (LONDON) DOUBLE BARREL POCKET PISTOL. L. 9; Cal. .44.

Percussion, octagon rifled barrels, checkered hardwood grip (chipped). Mark: *"Southall London."* Two triggers, no ram rod. Double sight. Gold inlay at breech top. Safety device. Silver plate inlaid in grip. Frame and guard engraved. Barrels connected with heavy rib.

Very rare specimen.

124. BELGIAN SUPERPOSED POCKET PISTOL. L. 8; Cal. .44.

Percussion, superposed barrels, rifled at the muzzle only, mule-ear hammers. Date probably 1850-60. Belgian proof marks, and Nos. 10 and 437. Barrels superposed, not fastened. Two triggers, one straight. Right barrel trigger curved back. Engraved trigger guard, lock, sides and top frame. Shell-head cap-box in butt. Barrels apparently twist.

Fine specimen.

125. JONES (LONDON) BRONZE DOUBLE BARREL FLINT-LOCK POCKET PISTOL. L. 8; Cal. abt. .45.

Single flint and trigger, and fine plain double barrels joined at the breech, and rifled at the muzzle only; mahogany grip with silver plate. Mark: *J. N. Jones & Co., London.* Double barrel flint. Bench marks under barrels. Barrels and frame bronze. Trigger guard iron. Old English make. Single hammer and trigger. Lever on left side of frame turns one vent in pan, together with powder in pan for priming it, so that by turning it the second barrel can be fired. Rare and in good condition save that safety slide in top is lost.

127. MARSTON SUPERPOSED THREE BARREL POCKET PISTOL. L. 8; Cal. .32.

Rim fire, brass frame and rosewood stock. Mark: (worn) W. W. Marston, New York; Pats. 1857-1864. This gun has an indicator showing which barrels have been fired. The firing pin working up and down firing first one, then another barrel, as gun is cocked.

Similar to No. 128.

128. MARSTON SUPERPOSED 3-BARREL SIMILAR. L. 7; Cal. .38.

Similar to the preceding but a little shorter with original factory bluing, bronze frame, etc. Same marks. Three barrels one over the other, called up and down pistol. Has an indicator showing which barrels have been fired. Barrel tips down to load.

129. REMINGTON SUPERPOSED DERRINGER TYPE POCKET PISTOL. L. 5; Cal. .44.

Rare form, nickel finish, rim fire, hard rubber grip. 2½ inch superposed barrels. Mark: *Remington Arms Co., Ilion, N. Y.* Short stocky pistol. Hinges at rear top of barrels. Side lever on right side to hold barrel in place for shooting.

This is a duplicate of the gun used by Leon Czolgosz, who shot President McKinley, in Buffalo, on Friday, Sept. 16th, 1901.

130. AMERICAN ARMS SUPERPOSED POCKET PISTOL. L 6: Cal. .28 and .32.

Rim fire, smooth bore, plain brass frame with rose wood grip. Mark: *Amer. Arms Co., Boston, Mass.* Wheeler's Patent, 1865-66. No. 4174. Superposed barrel revolving half way around to fire.

131. REMINGTON RIDER REPEATING POCKET PISTOL. L. 6; Cal. .38.

Centre fire. Nickel finish incised in a scroll pattern on pointille ground; rosewood stock. Mark: *Remington & Sons, Ilion, N. Y. Rider's Patent*, 1871.

132. BELGIAN POCKET PISTOL. L. 7; Cal. abt. .45.

Octagon rifled barrel, centre hammer, percussion, silver plate in a saw handle checkered grip, concealed trigger. Belgian proof marks. Disappearing trigger. No trigger guard. Well made. Engraved steel frame.

133. HIGH GRADE POCKET PISTOL. L. 8; Cal. .40.

Percussion, side hammer, octagon twist barrel, checkered grip, chipped away at tang. Mark: English proof marks, and frame engraved "R. S. Clark, New York" (about 1845). This gun has a twist barrel, screwed into breech, breech and frame being heavily silvered. The gun is undoubtedly of English manufacture, as in front of folding trigger on frame, there are two crown marks, as well as crown mark on barrel. Silver plate on end of butt and frame neatly engraved. Engraved "R. S. Clark, New York," on lock plate.

134. BELGIAN BRASS CANNON BARREL POCKET PISTOL. L. 7; about .50 Cal.

Percussion, top action, thorn trigger and guard, bronze frame slightly engraved and in one piece with barrel; saw handle, rose wood grip. Belgian proof marks.

135. POCKET PISTOL NEARLY ALL METAL. L. 7; Cal. .32.

Percussion, Centre fire, half octagon barrel and 1-inch bird head grip. No marks, but probably Allen & Thurber, about 1845. In early days of percussion caps, pistols of this type and grade were carried to a very considerable extent. Many of this type were carried by the early pioneers of the west.

136. CARRIAGE PERCUSSION PISTOL. L. 9 in.; Cal. .50.

Side hammer, concealed trigger, ivory stock (damaged); no marks, date about 1845-50. Frame heavily engraved with medallion of a running deer. This gun may have been used as a duelling pistol and was undoubtedly made by an expert mechanic. No trigger guard.

137. LADY'S PISTOL. PERCUSSION. L. 5; Cal. .32.

Smooth bore center snap, walnut stock, the barrel screwing into the breech; of small size to be carried in a muff. No marks.

138. BRASS OVERCOAT FLINT LOCK PISTOL. L. 10; Cal. abt. .50.

Octagon barrel, smooth bore, with curved checkered grip. No marks, probably Scotch, and ramrod missing.

140. MANHATTAN POCKET PISTOL. L. 7; Cal. abt. .36.

Top snap, percussion, half octagon barrel, engraved steel frame; birdhead walnut grip, in fine condition. Marks: *Manhattan Fire Arms Co. (about* 1850), *New York.*

141. ALLEN LADY'S IVORY HANDLED MUFF PISTOL. L. 5: Cal. .32. Percussion, top-snap, self-cocking, half octagon barrel and engraved frame. Mark: *Allen's Patent.* Serial 57.

High grade little weapon in perfect working order, and very early number.

142-143. PAIR CONCEALED TRIGGER POCKET PISTOLS. L. 7; Cal. .40.

Percussion, top action, engraved frames, fluted wood grips with metal butts. Nicely made but no marks. Concealed trigger. This gun was intended as a high grade gun when manufactured. Was for pocket or house service.

144. TARGET POCKET PISTOL, FLOBERT TYPE. L. 8; Cal. .22.

Rim fire; half octagon barrel with cannon muzzle and nickel finish. Checkered grip, bench marks, crowned "U", etc.

146. HEAVY OCTAGON BARREL HOUSE PISTOL WITH SIDE SIGHT. L. 9; Cal. .36.

Percussion, top action, heavily rifled, belled frame, slightly engraved, and walnut stock. No marks. Probably a local gunsmith. Barrel nearly inch in diameter (15-16). To be sighted when shot via side, *not top.*

Hammer bent to hit nipple on top, sight to the right so pistol is held to an angle in shooting.

147. WASHINGTON ARMS TARGET OR DUELLING PISTOL. L. 10; Cal. .36.

Percussion, top action, half octagon rifled barrel; walnut stock. Marks: *Washington Arms Co.* Serial No. 12 (excessively early).

148. STEVENS POCKET PISTOL. L. 7; Cal. .45.

Rim fire, half octagon barrel swung in a nickel finished frame, mahogany stock. Mark: *J. Stevens & Co., Chicopee Falls, Mass.* Pat. 1864.

A dangerous gun at short range.

149. CONNECTICUT ARMS PERCUSSION PISTOL. L. 8; Cal. .45.

Rim fire, nearly all metal except 2 inch checkered grip. Mark: *Conn. Arms Mfg. Co., Naubuc, Conn., Hammonds Pat.* 1864.

Barrel is rigid and portion of frame operated by pressure of a stud upon the top, which swings on a pivot to the left.

150. FRANK WESSON POCKET PISTOL. L. 6; Cal. .32.

Rim fire centre action, half octagon barrel, walnut stock. Mark: *Frank Wesson, Worcester, Mass.* Pat. 1859-1862.

151. PERCUSSION DUELLING PISTOL. L. 13; Cal. .50.

Percussion, side hammer, very fine twist of "Watered steel" octagon barrel, stock cracked, all parts engraved. No marks, date about 1850, and finely fluted grip.

152-153. PAIR SILVER MOUNTED DUELLING PISTOLS. L. 11; Cal. .50.

Very handsome pair; percussion, side-hammer, heavy octagon barrels, inlaid stock with checkered grips. No marks, probably American about 1830. Inlaid inscription, "Presented to Joseph W. Tisdale, by Dr. V. Gannard." Note safety trigger, pull on side at half cock. The stock is half extended, trimmings heavily engraved. Stock also inlaid with silver filigree. Cap receptacle in butt of stock. Fine specimen and in perfect order, except lacking a ramrod in one.

154. SILVER MOUNTED CONCEALED TRIGGER PISTOL. L. 11; Cal. .45.

Highest grade; percussion, side hammer. Mark: *"Extra Quality."* Very fine specimen. Breech and frame, as well as extension under barrel for ramrod, are German Silver. Trigger concealed. Frame and extension heavily engraved. Stock rosewood with ivory end piece. Swivel iron ramrod. Gun in fine condition.

155. SILVER MOUNTED DERINGER. L. 9; Cal. .50.

Percussion, side hammer, half octagon barrel, extended burl mahogany stock, inlaid with silver initial plate and checkered grip; engraved frame, hammer and trigger guard. Mark: *Deringer, Phila.*, on barrel and frame.

With the Deringer came the first appearance of the cap and ball and is represented by the man who gave the weapon his name.

Very fine specimen. Trimmings of German Silver.

156. SILVER MOUNTED DERINGER. L. 8; Cal. .45.

Percussion, side hammer, panelled barrel, heavily rifled, in enclosed rosewood stock, with silver mounts and checkered bird-head grip; cap box in the butt. Mark: *Deringer Philadel* on frame and barrel.

Unusually fine example.

157. POCKET DERINGER TYPE PISTOL. L. 7; Cal. .38.

Percussion, side hammer, silver mounted, one piece missing. Octagon barrel; walnut grip, checkered, with ramrod. No marks, date about 1850.

159. POCKET DERINGER, PROBABLY BY EVANS. L. 7; Cal. .40.

Percussion, side hammer, part octagon barrel, with extended walnut stock, German silver mounts and checkered grip. Fine specimen, date about 1850.

This pistol was probably made by J. E. Evans.

160. EVANS "DERINGER" TYPE PISTOL. L. 6; Cal. 9-16 inch.

Percussion, side hammer; flattened top rounded barrel; with extended mahogany stock and checkered bird head grip. Mark: *J. E. Evans, Philada.* Engraved breech. Trimmings of German Silver, sight and plate in grip—under nipple, plate in end of grip and trigger guard.

Very peculiarly shaped grip (bird's head). See cut.

161. BELGIAN CONCEALED TRIGGER POCKET PISTOL. L. 6; Cal. .50.

Percussion, top action but at left side of frame; walnut grip with slight damage. Belgian proof mark. Concealed trigger. Cap receptacle in end of grip. Engraved with dog on both sides of lock. The front $1\frac{1}{8}$ inches of barrel unscrews to permit of loading. Rare specimen.

162. VERY RARE ALL METAL DERINGER. L. 5; Cal. .50.

Percussion, side hammer, steel barrel round to the brass stock, which has checkered grip and slight engraving. Mark: *Deringer, Phila.* Date about 1855. Entire frame brass or composition, and iron lock plate. Very fine specimen and rare. This gun was taken from a prisoner at the police station at Kansas City about 1898 and presented to me by the then Sergeant Snow, afterwards Captain and later Chief of the Police Department.

165. ALL METAL DERINGER, NATIONAL ARMS. L. 5; Cal. .41.

Steel barrel and bronze frame; rim fire. Mark: *National Arms Co., Brooklyn, N. Y.* No. 5584. This gun is a single shot, stock being solid metal, probably bronze, and such shape that it can be used as a weapon of defense in the way of a knuckler.

Fine specimen.

167. COLT'S POCKET PISTOL. L. 5; Cal. .41.

Rim fire, nickel finish, rosewood birdhead stock. Mark: COLT. This type of gun was extensively carried in coat or pants pockets of gunmen in the west and many times were used when it would have been useless to try to draw their large guns from holsters. Wild Bill Hickcock carried a pair similar to this specimen. They were for quick, short range shooting.

170. HANDSOME LITTLE DAVID WILLIAMSON DERINGER TYPE. L. 5; Cal. .38.

Rim fire, centre action, blued barrel; extended mahogany stock, checkered butt, bronze carved mounts. Mark: "*Williamson's Patent, New York*, 1866." No. 3404. Barrel slides forward, permitting the shell to be put in. Extractor missing. The trimmings of stock bronze plated. This gun is of the Derringer type and intended for short close range. Bird head grip.

171. REMINGTON RYDER POCKET PISTOL. L. 5¼; Cal. .40.

Rim fire, centre action, blued barrel; sawhandle stock. Mark: *Remington, Ilion, N. Y. Pat.* 1861. *No.* 2112.

This pocket gun was a dangerous weapon for owner, owing to manner of cocking and small trigger.

173. BACON POCKET PISTOL. L. 7; Cal. about .32.

Rim fire, centre action, octagon barrel, and walnut stock. Mark: *Bacon Mfg. Co., Norwich, Conn.* No. 138 (very early). Frame steel, barrel turns to right. Released with spring bolt under front center of frame. Well shaped, well designed and could be an effective weapon.

174. REMINGTON NAVY PISTOL. L. 12; Cal. .50.

Centre fire, plain rifled barrel, walnut stock, high grade. Mark: *Remington, Ilion, N. Y.* Pats. 1864-66.

175. REMINGTON LADY'S PISTOL. L. 5; Cal. .40.

Rim fire, rosewood stock. Mark: *Remington, Ilion, N. Y.*, Pat. 1867, Serial No. 1821. Small, powerful pistol. Interesting because it has no breech block. The pivot of the hammer is nearly in line with the bore and the head of the hammer backs up the breech of the cartridge.

176. GIBBS TIFFANY & CO. TARGET OR HOUSE PISTOL. L. 11; Cal. .31.

Percussion, underhammer, spur trigger, half octagon indented barrel, curly maple saw handle, brass bound; double sights; an eagle near the rear sight, and scroll engraving. Mark: *Gibbs, Tiffany & Co., Sturbridge, Mass. Cast Steel. Factory No.* 128.

177. OCTAGON BRONZE BARREL PISTOL DERINGER STYLE. L. 8; Cal. .22.

Side hammer, centre fire, percussion, enclosed walnut stock with bird head grip, and silver (wearing) trigger plate. No marks.

179. REMINGTON TYPE POCKET PISTOL. L. 10; Cal. .45.

Half octagon barrel, centre fire, slightly belled muzzle, checkered stock (chipped) and ring attachment in butt. No marks.

Similar to Remingtons Navy pistol, but smaller.

180. PENCIL PISTOL. L. 4; Cal. .32.

Rim fire, ball stock, nickel finish (wearing). No marks. This was invented by Wilson about 1904, one of a vaudeville team, who played the Orpheum Circuit. Designed to be carried with butt in palm of hand, barrel sticking through second and third fingers. By pulling back the ring around barrel it cocks and fires pistol. Only very few made. Was intended to be carried in vest pocket like a pencil.

182. MISSOURI RABBIT SHOOTING PISTOL. L. 24; Cal. .38.

Centre fire, 16 inch round barrel with front sight, black walnut grip; brass trigger guard. No marks. An old gun smith in Independence, Missouri, took a Colt frame of probably Old Army Model—took out cylinder and took off barrel. Put on barrel 16 in. long, smooth bore and a rectangular breech block with center pin for center fire cartridge. Only one made.

183. HIGH GRADE HAMMERLESS DUELLING PISTOL. L. 12; Cal. .30.

Octagon barrel, heavily rifled. Experimental, uses explosive bullet; handsome polished burl rosewood stock. Marked on top of barrel, "A. Jarosch in Prag" and a "2" at end of name. Cocking lever, breech, end of barrel, trigger guard and top heavily engraved. Very peculiar. Loads with explosive bullet, put in at top. Lever on right side opens pistol for admission of bullet cartridge and closes same. At same time cocks pistol. No hammer visible, but small hook shaped piece on right side acts as safety as pistol must be cocked when it is loaded.

184. FLOBERT FRENCH SALOON PISTOL. L. 16; Cal. .22.

10 inch octagon barrel (Belgian make); centre fire; walnut carved stock with checkered grip, front and rear sights. Flobert's Patent about 1880. Stock quite elaborately carved and extending half length of barrel. Lever cartridge extractor. Firing pin in extractor. Gun in perfect condition, secured in Cuba.

185. CURIOUS OLD NEW ENGLAND LONG BARREL PISTOL. L. 16; Cal. .32.

Octagon barrel, 11½ inches, percussion, centre action, walnut grip (repaired); ramrod and one ramrod thimble missing. Mark: *A. P. Wood* (twice) and *"Cast steel"* made about 1860.

Apparently made by some country gun smith. Marked A. P. Wood. twice on barrel top, also "A. P. W." From evidence of stock undoubtedly had at one time a shoulder piece (detached) for use as a rifle.

186. FRENCH BREECH LOADING PISTOL. L. 17; Cal. .38.

Top action; rim fire, octagon barrel; extended carved walnut stock and beautifully fluted grip with metal butt plate. No marks.

A handsome French pistol.

187. RARE EPROUVETTE OR POWDER TESTER. L. 5; Cal. abt. .22.

Short barrel (⅞ of an inch) octagon, with index wheel, and walnut grip. When fired the force of the powder exploded turns an indexed wheel which is held by a spring at the muzzle. Tests of the strength of powder could only be comparative.

188. ENGLISH COMBINATION PISTOL AND HUNTING KNIFE. L. (full) 10; Cal. .36.

Percussion, cap and ball, octagon German silver barrel with Birmingham proof marks; Bone handle (chipped), otherwise good condition. Nipple on the axis of the bore. The knife has two blades, both marked Unwin & Rogers (Sheffield). Has cap box in butt; also cap picker.

189. RARE DIRK PISTOL, PROBABLY FRENCH. L. 9; Cal. abt. .50.

Percussion pistol with octagon barrel and engraved frame, with folding bayonet released by a touch of the trigger guard. Stock (new) composition, as original wood stock was destroyed. No marks. In good condition, considering new grip. Has 4-in. bayonet which folds under barrel. Very rare. Got this in Italian quarters just after Mafia outbreak in New Orleans when Chief of Police Sanderson was murdered.

A wicked and quick-action arm.

190. ARMY OFFICER'S AUTOMATIC WITH ORIG. HOLSTER. L. 10; Cal. .32.

Centre fire, high power, blued finish checkered grip, set ring butt. Condition perfect. No. 1982 on right side under barrel, left side has No. 278. Also in two places on left side barrel mark like two crowns with "U" under same. Taken from Spanish Officer, in Cuba in 1897, at time of Spanish Cuban War. Calibre One milimeter less than standard gauge. On right side, above grip is oblong mark one half inch long, with Gaccau around top below—under man V—C—S and under VCS—S U H L. Ring in end of grip. Magazine under at right. Holster and clip with gun.

192. BELGIAN OFFICER'S 12-SHOT REVOLVER. L. 9; Cal. abt. .30. Small bore.

Nickel finish throughout with octagon barrel and polished rosewood grip with ring butt. Pin fire, centre action. Belgian proof mark. Self cocking, large hammer. Hinge opening for extractor; straight hand push ejector right side of barrel. Ring in end of grip is indicative of its being used by an officer. Spindle for chamber to revolve on. Part of frame screws into breech and is part of barrel.

An example of the multiple shot of the highest grade of workmanship. Factory No. "2" on chamber, stock breech and end of barrel. VERY UNUSUAL IN THAT IT HAS 12 CHAMBERS (as most of this kind have only ten) and also that it is either SINGLE ACTION OR DOUBLE ACTION AT THE WILL OF THE USER.

193. UNWIN & RODGERS (ENGLISH) KNIFE PISTOL. Length (full), 17; Cal. .30.

Rim fire, octagon barrel, on a large knife with two blades and handsome horn handle, the grip checkered. Mark: "*Unwin & Rodgers, Pat. Sheffield,*" and "Non-XLL." Two folding blades under barrel. German silver barrel. Has one-half breech covered with hinged extractor. Hollow stock with opening in end.

196. HANDSOME VOLCANIC REPEATING PISTOL. LARGE SIZE. L. 15; Cal. .38.

6-shot; centre fire; octagon barrel with magazine; bronze frame; rosewood grip. Mark: *The Volcanic Repeating Arms Co., Patent. New Haven, Conn.*, 1854. Large size gun. This pistol is similar to the Henri rifle. The patent was sold by Smith & Wesson to the V. A. Co.

Extremely rare and in but few collections.

197. OLD PIRATE BOARDING PISTOL. L. 11; Cal. abt. .50.

Old tapering barrel, percussion, centre fire; holster hook and black wood stock. No marks. Gun very clumsy in design and only intended for very close range shooting. On left side is a straight prong to stick in belt. Sailors could put half a dozen or more of these when going into action,—draw, shoot and throw on deck and draw another.

198. HOPKINS AND ALLEN SPECIAL ORDER "ENAMELLED" REVOLVER. L. 13; Cal. .36.

"Exhibition" piece made of the finest steel, nickeled and with pearl grip. 6-shot, indented cylinder; half moon front sight, and ring in butt. Mark: "The Hopkins & Allen Mfg. Co., Norwich, Conn., U. S. A. Calibre, Winchester, 1873. No. 21344 on the butt.

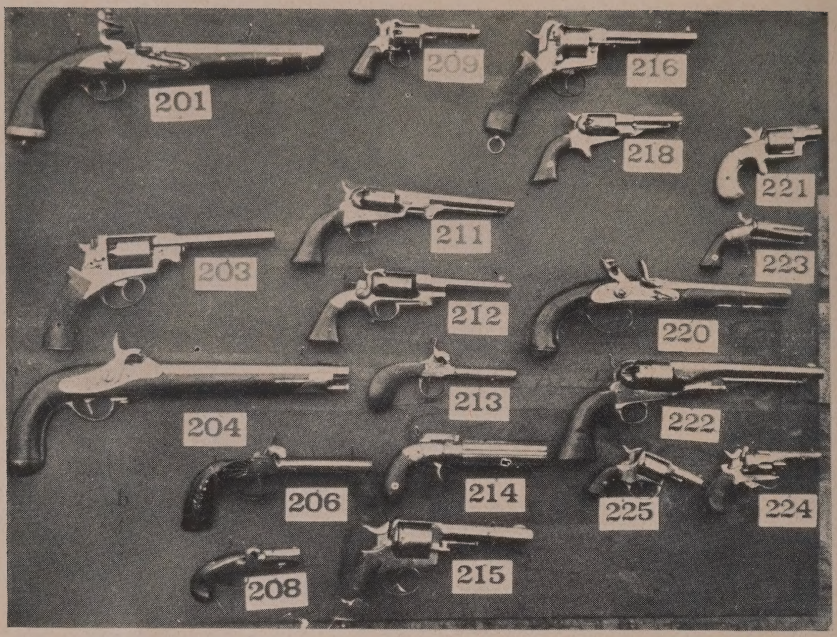
A VERY HANDSOME PIECE: practically the entire surface is covered with a foliated scroll engraving, set with "dew-drops" of enamel in clusters of three in ruby and emerald color and a medallion of a running deer on plain reserve. The tendrils in pointille.

199. BRASS MOUNTED TARGET OR DUELLING AIR PISTOL. L. 11; Cal .18.

Rim fire, hammerless, 3 inches of the barrel unscrews to load which is projected by a spring and ring underneath. Mark: Patented Nov. 3, 1869.

201. BRASS MOUNTED DRAGOON FLINT-LOCK PISTOL. L. 16; Cal. $\frac{3}{4}$ inch.

Handsome piece with a crowned "O N" on the lock. Very heavy flint lock pistol, brass flat butt, with ring. Heavy brass trigger guard and brass tipped front end of the full extended stock.



203. MASS. ARMS CO. REVOLVER. ADAMS PATENT. L. 12; Cal. .45.

Percussion, octagon barrel, checkered walnut stock; Adams patent 1853, the loading plunger by Kerns, 1857. Hole in grip for carrying. Single or double action.

The Adams gun was also made in Belgium.

204. HANDSOME ENGLISH BRASS MOUNTED ARMY PISTOL. L. 17; Cal. about .55.

Percussion, full extended stock; high grade piece. On lock is a crown with "K" under it and below "K" "1846" and below that "702." On top near barrel mark JX 1846 702.

Early European Army pattern. Percussion with nipple in top of barrel. Full length extended stock, with ramrod. Perfect condition.

206. DOUBLE BARREL HOUSE OR CARRIAGE PISTOL. L. 9; Cal. about .40.

Percussion, octagon barrels, top-action, mule ear hammers, spur and scroll triggers; hardwood stock inlaid with pearl leaves, rays and other decorations. No marks, probably by a local gunsmith.

208 SILVER MOUNTED "DERRINGER" PHILADELPHIA. L. 6; Cal. about .45.

Percussion, flat top barrel, 2¼ in., octagon for an inch at the breech and inlaid with silver band; engraved finish, initial plate, etc., with rosewood bird-head extended stock. Mark "Derringer" three times.

Look on left side trigger for factory number, "5." All trimmings of German Silver plate. Very high grade fine specimen and in perfect condition.

209. REMINGTON-BEALS SMALL POCKET REVOLVER. L. 7; Cal. .32.

Percussion, 5-shot, octagon barrel, rose wood grip. Mark: Beal's Patent, Mfg. by Remington's, Ilion, N. Y. Note side swing of cylinder. The action for turning the cylinder is very peculiar and on the outside of frame, on left side.

211. COLT'S "NEW MODEL" REVOLVER. L. 11; Cal. .31.

Percussion, centre action, six-shot, octagon barrel. Rosewood stock. Mark: *Address Col. Sam'l Colt, etc.* Brass mounts. Nipples parallel chamber. Good condition.

212. ALLEN & WHEELOCK REVOLVER. L. 10; Cal. .32.

Percussion, side-action, octagon barrel, black walnut stock, engraved cylinder with hunting scene. Mark: *Allen's Patents*, 1858-9. (*Worcester, Mass.*) Loader (for tamping load) forms part of trigger guard and is directly under barrel. Cylinder removed by screw back of barrel. Hammer on side of frame.

213. POCKET PERCUSSION PISTOL. L. 8; Cal. .50.

Top action, octagon barrel. Muzzle loader cap and ball, single barrel simple in construction, homely in appearance,—workmanship very plain. Straight trigger, probably made by country gunsmith.

214. ALLEN & THURBER PEPPER BOX. L. 8; Cal. .36.

Percussion, 6-shot strapped barrel, engraved frame, and walnut grip. Mark: *Allen's Patent, Allen & Thurber, Worcester, Patented* 1837, *Cast Steel.*

Fine specimen.

215. ARMY OR BELT REVOLVER, "FRONTIER DEFENDER." L. 11; Cal. .44 Winchester.

Center fire, enclosed cylinder, 6-shot, double action; finely checkered walnut grip with ring butt. Mark: *Frontier Defender, 44 C. F. W.*"

216. SIX SHOT REVOLVER, PROBABLY ADAMS. L. 11; Cal. .40.
Octagon barrel; nickel finish and engraved. No marks. Frame of gun elaborately nickeled. Grip checked. Peculiar gate at rear of cylinder. Double acting, very long hammer.

218. REMINGTON POCKET REVOLVER. L. 8; Cal. .36.
5-shot, octagon barrel, rosewood grip. Mark: *E. Remington & Sons, Ilion, N. Y. Patented Sept.* 14 (year oblit.).

220. FLINT-LOCK ENGLISH HORSE PISTOL. L. 13; Cal. about .55.
Round bronze barrel, with extended hardwood stock. Mark: *N. Melchior, warranted* and *London.*
Stock cracked and repaired with brass plate. Gun in first class condition as specimen but not operative, trigger and ramrod missing.

221. CALIFORNIA POCKET REVOLVER. L. 6; Cal. .38.
Rim fire, 2 inch octagon barrel, nickel finish, and ivory grip; indented cylinder. Mark: *Liddle & Kaeding, San Francisco, Cal.* XL No. 4. *Pat. Mch.* 13, 1871. Chunky gun for pocket and short range.
Rare California pistol.

222. COLT REVOLVER. PERCUSSION. L. 14; Cal. .44.
8 inch round barrel, with brass mounts, walnut stock. Mark: *Address Col. Sam'l Colt, New York, U. S. America, Colt's Patent* 0172. Engraved cylinder. Rear diameter shaped to slip on caps.

223. BACON POCKET PEPPER BOX. L. 6; Cal. .22.
6-shot, rim-fire, indented barrel, rosewood grip firing a metallic cartridge. Mark: *Bacon Arms Co., Norwich, Conn.* Factory mark 660.

224. "BUSHMAN" SMALL REVOLVER. L. 6; Cal. .30.
Rim fire; double action; nickel engraved finish, octagon barrel, checkered ebony grip, indented cylinder, folding spur trigger. Mark: "*Acier Fondu*" and Bushman.

225. REMINGTON POCKET REVOLVER. L. 6; Cal. .36.
Rim fire, octagon barrel, nickel finish, checkered grip: double action. Mark: *Remington's Ilion, N. Y.*
The chamber has a plate for rimfire cartridge, and by changing the plate can be made into a cap and ball fire.

226. JOHNSON HORSE PISTOL. L. 14; Cal. 9-16 inch.
Percussion, converted. Mark: *US. R. Johnson, Middletown, Conn.*, 1840. Walnut stock, no ramrod. "H" marked under front trigger guard. One of the earliest cap and ball army pistols. Stock two-thirds extended. All trimmings iron.

227. FREEMAN'S ARMY OR SIDE REVOLVER. L. 13; Cal. .44.

Percussion; 6-shot; blued finish; walnut grip; centre action. Mark: *Hoard's Armory, Watertown, N. Y., Freeman's Patent. No.* 942. A heavy serviceable, well made weapon, with under lever for setting bullet.

Perfect condition.

228. KETLAND (ENGLISH) POCKET FLINT-LOCK PISTOL. L. 8; Cal. .42.

Belled cannon muzzle; top action; hardwood grip with silver name-plate. Mark: *Ketland*, date about 1750. Silver plate in grip, hammer in center. Engraved "F" top rear of hammer. Trigger guard very small, likewise trigger. Spring to hold down flint pan set in top of barrel. Front 2¼ inches of barrel screws onto rear of barrel, which front piece is removed for loading.

231. LEONARD PEPPER BOX, FIVE SHOT. L. 10; Cal. .32.

Made by Robbins & Lawrence, percussion, concealed hammer and ring trigger, strapped barrel and engraved frame, with short black walnut stock. Mark: Robbins & Lawrence Co., Windsor. Vt., Pat. 1849. No. 4083. Has ring trigger and no external hammer. Firing pin inside. Engraved frame. Barrels five in number are bored in one piece, which is hinged at the bottom and released by a catch on top so as to swing downward and expose the nipples for capping, the nipples being on the axis of the bore. A pull on the ring trigger which is also a lever, cocks the arm and automatically revolves the hammer. The arm may be let down from full cock without snapping by pressure upon the stud on the back of handle.

A rare example of the highest grade.

232. ORIENTAL LONG PISTOL. L. 22; Cal. about 11-16 inch.

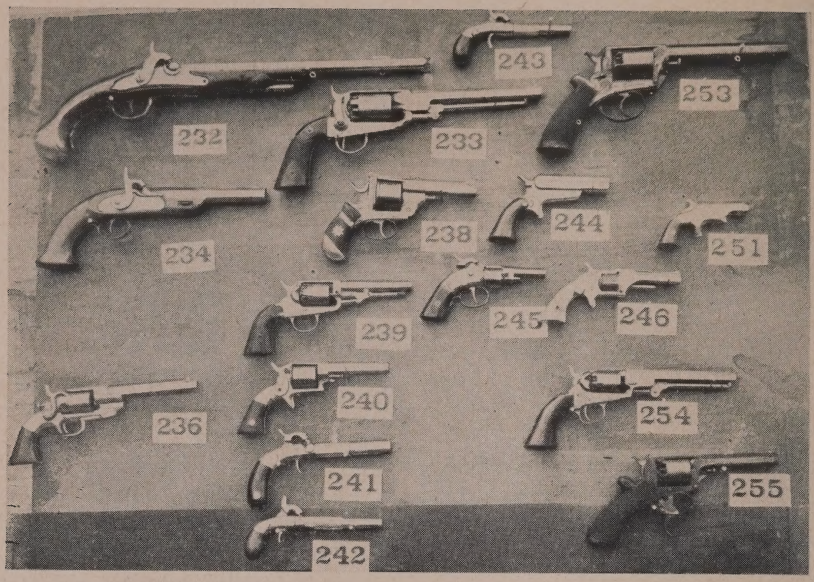
Converted percussion. Circassian Walnut stock. Mark: *Potsdam Magaz.* Front of extended stock was broken or cut off. On top of grip "F R" monogram in plate. Made over from flint to cap and ball. Heavy rounded butt of brass or bronze. Trigger guard and trimmings bronze. Rare piece.

The barrel at muzzle very thin.

233. JOSLYN ARMY REVOLVER. L. 15; Cal. .44.

5-shot; side hammer percussion, centre action, paper cartridge; checkered grip; octagon barrel (with extractor spring missing). Mark: *B. F. Joslyn, Patent*, 1858 (Stonington, Conn.).

Large, heavy weapon, well constructed. Hammer on outside. Cylinders removed by taking out cylinder pin from rear of frame.



234. HORSE PISTOL. L. 13; Cal. about .55.
Percussion, side hammer, octagon barrel; extended stock (probably cut off) with one brass barrel-key missing and no ramrod. No marks, probably a local gunsmith.

236. ALLEN & WHEELOCK REVOLVER. L. 11; Cal. .38 or .40.
Percussion, with side hammer; octagon barrel; walnut grip. Mark: *Allen & Wheelock, Worcester, Mass., Pat.*, 1857-1858. Loader forms part of trigger guard, directly under barrel. Hammer on side of frame. Remove engraved cylinder by screw back of barrel and on top of breech.

238. "BULLDOG" REVOLVER. L. 10; Cal. .45.
Centre fire, 5-shot, flat back enclosed cylinder; silver-mounted and ornamented checkered grip. No marks except Z* on end of barrel and "Bulldog." Double acting. Tips down as per Smith & Wesson. Release lever on left side. Solid ring ejector. Handle banded and tipped with metal trimming.

239. ARMY REVOLVER: 6-SHOT. L. 9; Cal. .30.
Percussion, trigger and ejec. catch missing.

240. POCKET REVOLVER. L. 8; Cal. .36.
Rim fire, octagon barrel, 6-shot, mahogany stock, enclosed cylinder, no marks. Hammer on outside bent to center. Chamber must be taken out to remove exploded shells and reload.

241. WASHINGTON ARMS PERCUSSION PISTOL. L. 10; Cal. .38.
Spur trigger; barrel screws into the breech, half octagon barrel; walnut grip. Marks: *"The Washington Arms Co., Cast Steel.* Date about 1845.

242. POCKET PERCUSSION PISTOL. L. 8; Cal. .30.
Half octagon barrel, no marks but probably a Wash. Arms. Date about 1845. With barrel which screws into the breech. Spur trigger. Many guns similar to this carried soon after percussion caps were brought into use, and were frequently found with pioneers to the West.

243. SMALL PERCUSSION PISTOL. L. 7; Cal. .38.
Half octagon barrel which screws into the breech; spur trigger, no guard. Factory No. 240.

244. SHARPS & HANKINS 4-SHOT PISTOL. L. 7; Cal..38.
Rim fire, sq. indented barrel, walnut stock; revolving firing pin and hammer; breech loading firing a metallic cartridge. Mark: Sharps & Hankins, Phila., Pat. 1859. No. 8649.

245. "STEVENS" POCKET REVOLVER. L. 7; Cal. .31.
6-shot; firing a paper cartridge; engraved nickeled frame, rosewood grip. Marks: *Mass. Arms Co., Chicopee Falls, Mass.* Maynard's patent, 1845. No. 686.
A revolver which was sent to the Chief of Police, Kansas City, from Mexico; it takes caps, and is also arranged for a roll of paper caps which are placed in a magazine in the right of the frame, a small cog pushing a new cap in place each time the gun is cocked. This is frequently called Maynard's Tape-lock revolver, with Dr. Maynard's patented primer lock.

246. AMER. STANDARD TOOL CO. REVOLVER. L. 7; Cal. .22.
7-shot, rim fire, octagon barrel to rib; nickel finish with ivory grip; centre action. Mark: *American Standard Tool Co., Newark, N. J.*

251. "SOUTHERNER DERINGER." L. 5; Cal. .44 or .45.
Octagon barrel, rim fire. Pat., 1867.

253. VERY HANDSOME ADAMS (ENGLISH) NAVY REVOLVER AND CASE. L. 13; Cal. .45.
Percussion, centre fire, exposed nipples, octagon barrel, side ejector to left; the whole practically in the original blued condition; with checkered Circassian walnut stock, inlaid with a silver and ebony plate and cap-box in the butt. Marks: *Adams Patent.* Double action. Partial copy of Tranter, Scotch gunmakers. Frame and panel handsomely engraved and "hair-lined." This gun is in an oak case with cleaning rod, grease can, bullet mold, etc.

254. WELLS FARGO COLT REVOLVER. L. 11; Cal. .31.

6-inch octagon barrel, 5-shot, sq. cylinder slots, safety and round back trigger guard; with loading lever. Brass, mounted with London proof marks—may have been made for export. Mark: Address Col. Sam'l Colt, New York, U. S. America, Colt's Patent 12124.

Handsome revolver in fine condition.

255. RARE (SCOTCH) TRANTER REVOLVER AND CASE. L. 10; Cal. .38.

Percussion, centre action, exposed nipples. Practically factory new in handsome mahogany case with brass medallion; in original blued condition, 5-shot, octagon barrel with the frame handsomely incised in a floral scroll; safety catch and loading lever to left. Mark: "*Tranter's Patents. No.* 21845 *T. Made by Wm. Tranter for A. B. Griswold* & *Co., New Orleans.*" This gun has peculiar action, a lower trigger cocking but the upper trigger firing. If, after cocking, you do not wish to fire gun, by letting lower trigger back the hammer will descend and cylinder turn back to its original starting point. The workmanship, material and design of this gun are of the very highest. This gun is in a case with a full complement, nipple wrench, powder horn, extra nipples, grease box, bullets, cleaning rod, bronze bullet mold, caps and oil can. Many of these guns with case complete were sold to wealthy Southerners before the Civil War and were considered the highest type of weapon known at that time.

A CELEBRATED REVOLVER IN THE FINEST CONDITION.

256. ORIENTAL FLINT-LOCK LONG PISTOL. L. 19; Cal. about .50.

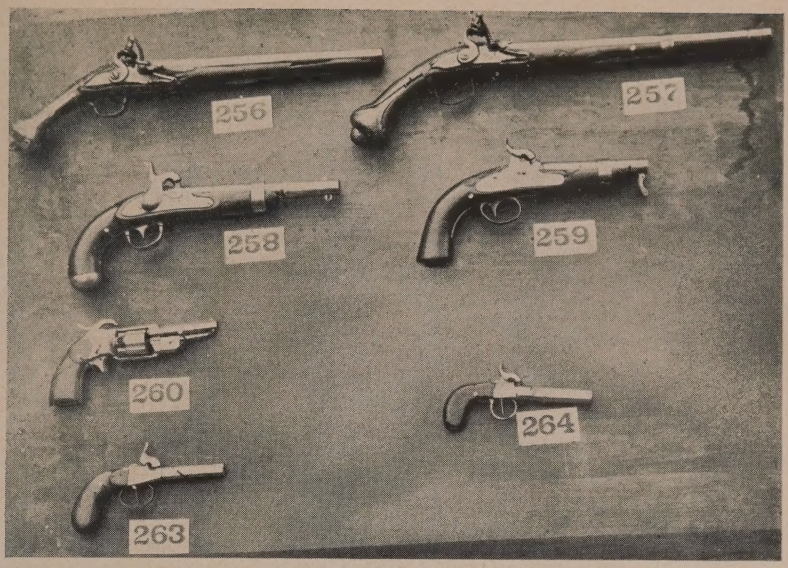
Extended stock, chipped, brass mounts, probably 17th Century. There are no special markings on this gun to indicate maker, but it is doubtless of turkish origin. In hammer is inlaid in gold a little leaf shaped piece. Trimmings of brass. Original trigger guard replaced with iron one.

257. ORIENTAL FLINT-LOCK LONG PISTOL. L. 22; Cal. .60.

Not in best condition. Stock held with wire. New trigger guard and left side lock needed. Gun is very old and was originally of the highest type. The curves of hammer and structure of lock very beautiful. Muzzle slightly belled.

258. EARLY WATERS HORSE PISTOL. L. 14; Cal. 7-16 inch.

Converted percussion; half extended wood stock and heavy band. Mark: "*A. Waters, Milbury, Mass.*, 1843." No ramrod



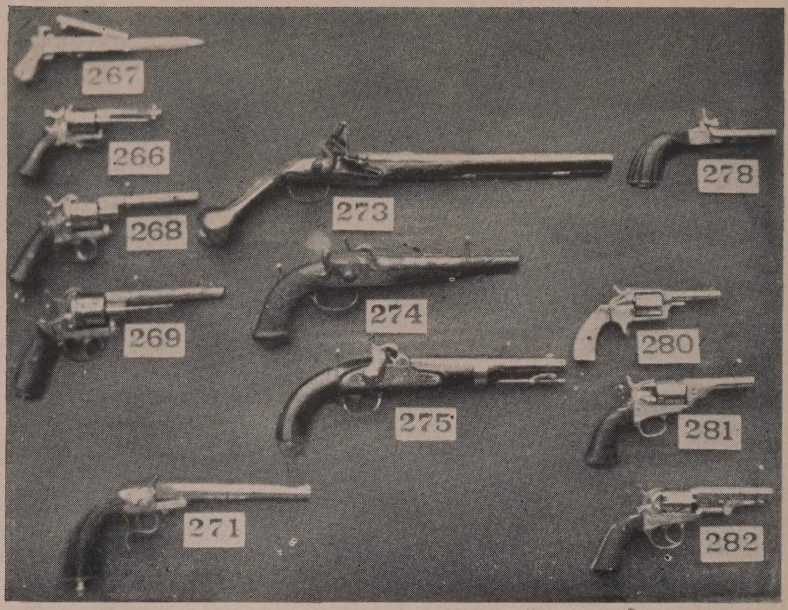
259. EARLY AMES HORSE PISTOL. L. 12; Cal. 7-16 inch.
Converted percussion, extended wood stock with heavy brass band and brass trigger-guard, a new piece inserted at rear of hammer. No ramrod. Mark: *N. P. Ames, Springfield, Mass. U. S. N.* 1844.

260. ALSOP POCKET REVOLVER. L. 9; Cal. .38.
Percussion; octagon barrel; peculiar indented cylinder; the nipples being exposed in deep cups; hammer falls in direct line of sight but bent so that it does not interfere, patent loader. Inoperative. Mark: *C. R. Alsop, Middletown, Conn. Pat.* 1860-1.

263. POCKET PISTOL. L. 8; Cal. .50.
Percussion; top action; octagon barrel, and curved hardwood grip. Factory No. 35. Date about 1850.

264. BELGIAN POCKET PISTOL. L. 7; Cal. .55.
Percussion; top action; octagon barrel with Belgian proof mark, slight engraving and curved stock.

265. "GOOSENECK" HAMMERLESS BELGIAN REVOLVING PISTOL. L. 8; Cal. .38.
Percussion; ring trigger; four separate twist barrels, handsomely engraved frame in a floral scroll in relief; ebony "gooseneck" shape grip; double action; exposed nipples (2 damaged).



266. FRENCH OR BELGIAN POCKET REVOLVER. L. 7; Cal. .30.
Pin fire, 6-shot; double action, folding spur trigger; octagon barrel and flat-back cylinder guard.

267. COMBINATION PISTOL AND SPRING KNIFE. L. 10; Cal. .30.
L. (closed) 6 inches, fine condition with bone handle and small cork-screw; four inch dagger blade, marked "*N. Cromwell Criterion.*"
Combination Arms, especially with knife acting on a spring are very rare.

268. BELGIAN PIN FIRE REVOLVER. L. 10; cal. .38.
6-shot, octagon barrel; extended flat back cylinder guard; walnut stock; Belgian proof mark. Note four slots, muzzle of barrel.

269. PIN FIRE REVOLVER LEFAUCHAUX MODEL. L. 11; Cal. .44.
Centre action; octagon barrel, with extended flat back cylinder guard, wide spur trigger, walnut stock, with ring butt, extractor missing. Double or single action.
Marked on cylinder, "The Guardian American Model of 1873."

271. RARE PERCUSSION PISTOL SECURED FROM THIEVES MARKET, OLD MEXICO. L. 13; Calibre very small, about 1-16 of an inch.

Long 7½-inch polished steel octagon barrel; fluted circassian walnut grip, with metal butt and cord attachment.

Rare—fake hammer—concealed firing pin, nipple sinks in rear end of barrel. Barrel tips down. Lever under frame. Engraved frame.

273. 17TH CENTURY PERSIAN FLINT-LOCK PISTOL. L. 21; Cal. about .60.

Engraved extended stock, to simulate a ramrod; brass mounts. Pewter ornament on top grip. Bench marks on top of barrel near breech, but not legible.

274. DOUBLE BARREL PERCUSSION PISTOL. L. 13; Cal. about 20 guage.

Steel ramrod and no marks. Not original stock. Note attempt at stock checking. Barrels twist. Good as specimen type only.

275. FINE ASTON HORSE PISTOL. L. 15; Cal. 9-16 inch (.56).

Percussion; brass mounted; three-quarter extended burl maple stock with brass band and swivel ramrod. Mark: *US H. Aston, Midd'tn, Conn.* 1848, and 1849 on barrel.

Very handsome early American Dragoon pistol.

278. BELGIAN DOUBLE BARREL POCKET PISTOL. L. 8; Cal. .50.

Percussion; fluted hard wood stock with metal butt. Finish of entire gun indicates highest grade at time of make. Browned barrels that screw into steel breech; barrels and breech being considerably broader than immediately behind breech. Frame highly polished and engraved. Concealed triggers; both engraved like a feather. No trigger guard. Stock fluted and broad at butt. Also carved where it fans out at rear of lock plate. Steel fitting to finish butt. Rare specimen and in perfect order. Hammers small, gracefully designed, high thumb piece.

280. HOPKINS & ALLEN BLUE JACKET REVOLVER. L. 8; Cal. .32.

Rim fire, ivory grip, indented cylinder; nickel finish and engraved in pointille. Mark: *Hopkins & Allen Mfg. Co., Pat.* 1871, 1879. *Blue Jacket No.* 2.

281. COLT POCKET REVOLVER FROM JESSE JAMES' GANG. L. 9; Cal. .38.

5-shot, percussion, centre action; brass mounts; engraved cylinder. Mark: *Colt's F. A. Mfg. Co., Hartford, Ct., U. S. A* Patent 07096. 1871-2.

A HIGHLY INTERESTING ASSOCIATION PIECE FROM THE NOTED OUTLAW GANG OF JESSE JAMES.

This gun was owned by Bill Ryan, of Jesse James gang. It was made over from cap and ball to cartridge, and cut off for pocket use after the time had passed for him to carry a gun in view or in a holster. Valuable to collector.

282. COOPER POCKET REVOLVER. L. 9; Cal. .31.

Percussion; 5 shot, octagon barrel and patent loader; walnut grip. No. 626 under grip. Mark: Made by J. M. Cooper, etc., Pitts'g, Pa., Pat., 1851-60; 989 on cylinder and very much like a Colt; with the following letter from a man in the Cooper Fire Arms Co., Pittsburgh, Sep. 21, 1908:

"This is known as the Cooper Patent—made in Pittsburgh 1850, registered same year and patented Apr. 1851. It is not as I thought a "Bastard Colt" worked over but a truly "legitimate child." Not many on the market, No. 626—31 Cal.; etc.

284. REMINGTON-SMOOT PEARL HANDLE POCKET REVOLVER L. 8; Cal. .38.

5-shot, rim fire, nickel finish (which is wearing) octagon to rib and ejector magazine. Mark: *E. Remington & Sons, Ilion, N. Y., Pat. W. S. Smooth, Oct.* 2, 1873. *No.* 183.

Fine type of gun.

(Illustrated, p. 46)

286. HANDSOME ENGRAVED MANHATTAN REVOLVER. L. 12; Cal. .38.

Percussion firing a paper cartridge, 5-shot; rosewood stock and brass mounts, also engraved; all in a scroll design on a pointille ground; the cylinder having medallions in plain reserve of sailing ship, etc. Octagon barrel with patent loader. Mark: *"Manhattan Firearms Co., Newark, N. J. Pat. Dec.* 25, 1859.

Very beautiful specimen and in perfect order.

(Illustrated, p. 46)

287. ITALIAN FLINT-LOCK DRAGOON PISTOL. L. 14; Cal. 11-16 inch.

Walnut stock with brass mounts; ramrod; brass pan, top of flint holder missing. Mark: M'ra R'le di Napoli (Royal Manu of Naples) and 1837 on left side. "A" on top grip.

(Illustrated, p. 46)

288. SILVER MOUNTED PEARL HANDLED SMITH & WESSON POCKET REVOLVER. L. 7; Cal. .22 short.

Rim fire, 7-shot; barrel octagon to rib; centre action, enclosed cylinder; the whole beautifully engraved in leafy scrolls on a pointille ground. In a velvet lined hard rubber case. Mark: Smith & Wesson, Springfield, Mass.

A handsome and shapely little pistol, beautifully finished.

(Illustrated, p. 46)

289. ALLEN & THURBER PEPPER BOX. L. 8; Cal. .32.

Percussion, top-snap, 6-shot, indented barrel with "gooseneck" walnut stock and spur trigger. Mark: *Allen, Thurber & Co., Worcester.* Pat. 1846.

This gun has no trigger guard. Barrels revolve to left. In good condition. Barrels probably cast steel.

292. ALLEN & THURBER POCKET PISTOL. L. 7; Cal. .36.

Half octagon barrel; percussion, top snap, burl mahogany grip, and slightly rust pitted. Mark: *Allen's Patent. Factory No.* 168. Made about 1837.

(Illustrated, p. 46)

293. WASHINGTON ARMS PEPPER BOX. L. 8; Cal. .32.

6-shot, percussion; strapped barrel; top snap, spur trigger, walnut grip. Mark: *The Wash. Arms Co.*

294. BELGIAN POCKET REVOLVER. L. 9; Cal. .38.

Pin fire, 6-shot, double action, extractor gate on breech frame; walnut grip and Belgian proof marks on cylinder and a crowned "N".

296. BRITISH BULLDOG REVOLVER. L. 6; Cal. .38.

6-shot; double action; checkered grip, cylinder guard with weak hinge. Mark: British bulldog.

297. POCKET PERCUSSION PISTOL. L. 9; Cal. .50.

Octagon barrel, slightly engraved frame and pouch-shaped grip of walnut. Side action; probably made by a local gunsmith

(Illustrated, p. 51)

300. SAUER MODERN POCKET AUTOMATIC. L. 7; Cal. .32.

7-shot; centre fire; round barrel, blued finish, practically factory new, black hard rubber checked grip. Mark: *J. R. Sauer & Sohn, Suhl, Patent Roth.*

At time presented one of the modern high power pistols. Beautiful piece of mechanism, but complicated. Cartridges fed from top into grip opposite from the manner of loading a Colt. Two crowns and a "U" on left side rear end of barrel. Engraved man near top.

(Illustrated, p. 51)

Nos. 230-231 wrongly numbered, should be No. 335

301-302. PAIR OF PERSIAN FLINT-LOCK PISTOLS WITH HOLSTER. L. 18; Cal. about .55.

Belled long barrel, which is inlaid profusely in an oriental scroll line design in gold; carved extended stock, brass mounted and brass ornamental butt; pewter panels of diamond shape set in the grip. The holster is the original shaped and strapped to carry both pistols, thickly embroidered (wearing), and with shoulder strap.

A very handsome pair, rarely found mounted in gold inlay and with original holster. (Illustrated, p. 46)

304. DOUBLE BARREL (FRENCH) PISTOL. L. 13; Cal. about .38.

Pin fire; round barrels connected by a strap above and below; top action with mule-ear hammers; fluted walnut grip; high grade with mark of crowned "Z" on barrel. Two hammers and two triggers. Lever under front frame. Barrels tip down. Fine condition. Rare specimen. (Illustrated, p. 46)

305. SILVER MOUNTED POCKET PEPPER BOX. L. 5; Cal. .30.

Rim fire; 6-shot indented barrel, and engraved with ivory grip and spur folding silver mounted trigger.

HIGHEST GRADE AND VERY FINE SPECIMEN. Extractor in grip. Pin for extracting cartridge in grip. Frame and barrel silver plated and engraved. (Illustrated, p. 51)

307. KETLAND (LONDON) BRONZE FLINT-LOCK POWDER TESTER. L. 6 in.

Date about 1750, with flint and pouch shaped stock of rosewood. Mark: *Ketland & Co., London.*

Very rare flint lock powder tester, in excellent condition. These old flint lock powder testers are seldom found, especially with bronze barrel.

308. MARLIN POCKET REVOLVER. L. 7; Cal. .30.

5-shot rim fire, barrel round to rib; nickel finish, and rosewood grip. Mark: *J. M. Marlin, New Haven.* Pat. 1872; "XXX Standard 1872" on barrel. An especially well-made arm, and in perfect order. Barrels hinged at wall of chamber, barrel breaking *up.* This calibre seldom found.

309. MERWIN & BRAY POCKET REVOLVER. L. 7; Cal. .32.

Firing a concave cartridge, five shot; octagon barrel to rib, with enclosed cylinder, bronze frame and rosewood grip. Made by the Merwin & Bray Firearms Co. Pat., 1859-1863. Well-shaped gun of the type of the early Smith & Wesson. Brass frame, was nickeled but nickel wore off. Practically the duplicate of No. 98 but barrel has been shortened and sight put in, cutting out part of manufacturer's name.

(Illustrated, p. 51)

310-311. HANDSOME LITTLE PAIR OF DERINGER TYPE PISTOLS. L. 5½; Cal. about .50.

Percussion; side hammer; the 2-inch barrels rounded to the rib with bronze sights with narrow silver band inlaid at the breech; pretty little burl rosewood extended stocks, with checkered grips. No marks.

AS PRETTY A LITTLE PAIR AS COULD BE WISHED. Stocks have two silver plates set in, and trigger guard is silver, and silver plate is set in frame under nipple. Rear of barrel, lock, hammer and trigger guard are engraved. (Illustrated, p. 46)

312. FRENCH SQUARE SHAPE REPEATING MAGAZINE PISTOL, THE FORERUNNER OF THE AUTOMATIC. L. 5, W. 2½; Cal. .30.

Centre fire, with blued round barrel and a flat silver plated and engraved frame. Makers: Francaise d'Armes et Cajdes, de S. Etienne," Factory No. 2294. (Illustrated, p. 51)

VERY RARE; not in the Lowell Collection and the only example to be traced at auction that is the Schott sale many years ago. A very compact weapon, to be held in the extended hand, the forefinger shielding the barrel; the second and third fingers pulling on the forepart of the frame (which acts as a trigger), bringing back the barrel also and discharging the piece. The magazine is loaded from the top, taking a short cartridge. A curious piece in excellent condition.

313. FLINT-LOCK HORSE PISTOL WITH BLUNDERBUS BARREL. L. 14; Flaring mouth 1¼ inches.

Rare bell muzzle flint-lock probably of the 17th Century; stock not original, and bound to barrel with wire.

314. THE "ADAM GOD" COLT REVOLVER. L. 13; Cal. .45.

Centre fire, 6-shot, indented cylinder, round rifled barrel with spring ejector; walnut stock Mark: *Colt's Patent F. A. Mfg. Co., Hartford, Ct., U. S. A.* Pat. 1871, 72 and 75.

A gun with a history. It was owned by a fanatic who called himself "Adam God," and who cut out Capt. Clark's eye with a knife and shot and killed two officers before he was captured in Kansas City. Three empty shells are still in the revolver, and the grip shows the mark where the gun was shot from his hand before he could be subdued. (Illustrated, p. 46)

316. MAYNARD HANDSOME BREECH LOADING PERCUSSION ARMY PISTOL. L. 14; Cal. .50.

Centre fire taking a brass shell; half octagon barrel, with gadrooned band at muzzle, walnut stock. Mark: *Edward Maynard, Patentee, May* 27, 1851, *Dec.* 6, 1859. *Manufactured by Mass. Arms Co., Chicopee Falls.* Very heavy plain finish. Tip-up lever under frame, forming trigger guard. Barrel tips up. A flat head brass shell with small hole in center is used in conjunction with percussion cap. On this gun it calls for musket cap.

Gun in good working order. (Illustrated, p. 46)

317. EARLY AND VERY HANDSOME JAPANESE MATCH-LOCK PISTOL. L. 7; Cal. .38. (Illustrated, p. 51)

A "pump-gun" or match-lock having a slow match carried in the hammer for powder and ball; handsomely carved Ho-Wo Bird on cannon barrel; extended native wood stock, gold bronze mounts, with the Crest of the Tokugawa Family, of a long line of Nobility in Japan; the stock inlaid with a gold-bronze Dragon Crest in relief; and a tiny medallion of a flying bird in shibuichi.

A REMARKABLY FINE AND SHAPELY SPECIMEN of the highest workmanship, and probably dating to the early 18th Century.

318. CHINESE HAND CANNON PISTOL: FIRST PATTERN FIRE ARM MADE. L. 3½ inches, very small calibre, about .22.

A piece of hand-wrought ancient bronze with the "Plum-Flower" motive (the symbol of victory among the ancient Chinese) dating back to about the Ming period (1100 A. D.). It was loaded with powder and ball, and fired by touching off with a lighted fuse. It is well known that powder was used by the Chinese long before it was introduced into Europe, and there is no doubt THAT THIS IS AMONG THE FIRST MADE POWDER SHOOTING WEAPONS. Large powder shooting weapons, without lock, and fired with a fuse are to be found in a number of the Museums in Europe, but HAND FIRED PISTOLS ARE EXCESSIVELY RARE. (Illustrated, p. 51)

321. RARE WHITNEY POCKET REVOLVER. L. 8; Cal. about .31.

Octagon barrel, percussion, ring trigger, the cylinder revolving by pushing the trigger forward; flat back cylinder guard. Inoperative. Mark: *Address E. Whitney, Whitneyville, Conn.* Scarce. (Illustrated, p. 46)

322. PHILIPPINE SILVER INLAID REVOLVER. L. 9; Cal. .32.

Pin fire, 6 shot, rusted, probably French or Belgian make with high back cylinder guard.

This gun is inlaid with silver in filigree and also the name of the owner, "Por Vincenil Unzueta," inlaid in gold on the top of the muzzle. "Pistol was sent me by Mr. Wm. Lee Karnes, Vice-President of the United States & Mexican Trust Company, formerly in the regular army located for some time in the Philippines. The pistol belonged to a Moro Chief in Mindinoa Island in the Philippines and was given Mr. Karnes after a strenuous campaign culminating in the surrender of the Datto Chief, whose name is inlaid in silver on the barrel." (Illustrated, p. 46)

323. HANDSOME SHARPE (LONDON) FLINT-LOCK BRASS BARREL DRAGOON PISTOL. L. 13; Cal. .55.

Polished brass 8-inch barrel; with extended stock of handsome light brown wood; brass mounts, lacking ramrod, and top of flint-holder. Mark: *Sharpe, London.* (Illustrated, p. 46)

324. PEARL AND NICKEL PALM "PROTECTOR." L. 5; Cal. .30.
Rim fire, as new, lettered "*Chicago Firearms Co., Chicago, Ill. The Protector. Patented Mch.* 6, 83, *Aug.* 29, 93.
HIGHEST GRADE IN BEAUTIFUL CONDITION. (Illustrated, p. 51)

325. LARGE HORSE PISTOL. CONVERTED PERCUSSION. L. 17; Cal. .50.
Round barrel, octagon at the breech; walnut forestock held by steel band; iron mounts. No. 860 on lock and 1870 on the other side. A few time-cracks in the stock, otherwise in excellent condition. (Illustrated, p. 46)

326. COLT REVOLVER WITH SHOULDER STOCK. L. 26, pistol 14; Cal. .38.
Percussion; 6-shot; octagon barrel; all parts (including stock) 67011. *Address Sam'l Colt, New York City,* on top of barrel; square cylinder slots and almost square back trigger guard; brass mounts to shoulder stock which have been silvered but now are worn.
Secured from a California "Forty-niner" and a rare combination. Note the absence of "Col." in the address. (Illustrated, p. 51)

327. COLT AND ORIGINAL CASE, AND EQUIPMENT WHICH BELONGED TO ONE OF GEN. ROBERT E. LEE'S BODY-GUARD. L. 9; Cal. .31.
Percussion; octagon barrel, 6-shot, with brass mounts and mahogany grip. Mark: "*Address Col. Sam'l Colt, New York, U. S. America.*"
With letter of authentication, and in the original oak case with equipment and printed directions for loading, cleaning, etc.; the name plate missing from top of case.
(Illustrated, p. 46)

328. SMITH & WESSON POCKET REVOLVER WITH CASE. L. 7; Cal. .22; No. 6833.
(Illustrated, p. 46)
7-shot; rim-fire; barrel octagon to rib; polished brass frame and walnut grip. Mark: *Smith & Wesson, Springfield, Mass.*

332. JAPANESE MATCH-LOCK PISTOL. L. 21; Cal. .45.
15-inch octagon cannon barrel inlaid with a tiny plating of gold bronze near the muzzle; extended stock of native wood (cracked and repaired), the barrel keys, etc., set in brass Cherry-blossoms.
A rare and unusual piece of good workmanship.
(Illustrated, p. 51)

333. FLINT-LOCK POCKET PISTOL. L. 7; Cal. about .44.
Pretty little half octagon cannon barrel, extended apple or pearwood stock, brass mounts; no ramrod. (Illustrated, p. 51)

381 Ax, 343 Sword Cane, 342 Sword Cane, 371 Hatchet, 370 Ax, 339 (not 317) Cannon, 367 Hammer, 358-363 Spear and Arrow-heads, 336 Cross-bow, 372 Ball, 338 Cannon, 344 Sword Cane, and 369 Celt.

334. PERSIAN LONG FLINT LOCK PISTOL. L. 19; Cal. about .55.
A slightly belled barrel carved and incised; the lock plate and hammer inlaid in a gold-bronze design in relief; extended stock, brass mounted, with wide brass bands at grip and muzzle; ramrod (not original). (Illustrated, p. 46)

335. MAGNIFICENT PAIR OF INLAID FRENCH PISTOLS AND CASE. L. 17; Cal. about .45.
Percussion, side action; octagon barrels, carved and incised on the edge, giving the barrel a handsome and slightly belled appearance; and engraved in a scroll design for an inch at the butt; the tang; hammer; lock and trigger guards are similarly adorned; with inlay in gold of game birds and hunting dogs. The half extended stock of highly polished Circassian Walnut is carved in relief with fluted grips tipped with steel, having each a silver plate inlaid marked "1" and "2" respectively. "*Acier Forge*" (hand wrought steel) inlaid in delicate gold script on the barrel but it is now rubbed. The name plate is missing from the oak- velvet lined case, which is fitted with rods of brass and polished wood, mould, grease-can, and other equipment necessary for the care of perhaps the handsomest pair of French pistols of the early Century that has ever passed through our hands. Illustrated, p. 46 (wrongly numbered 230-231)

336. SEVENTEENTH CENTURY CROSS BOW. L. 38 in.
Very handsome light wood frame with bronze mounts and channel; steel foot-stirrup and heavy steel 31 inch-bow; upstanding rear peep sight; the stock has gun-shaped butt with wall-rest underneath.
A very handsome and rare piece. (Illustrated, p. 51)

337. PAMPHLET ON SHOOTING PRINTED IN MICHIGAN.
The Art of Shooting by C. A. Damon, professional rifle and pistol shot. *Portrait.* 8vo, wrappers, pp. 39. Fenton, Mich., 1892.
Rare Michigan imprint, and very entertaining reading.

338. QUAINT VERY HEAVY OLD CANNON OF BEER MUG SHAPE.
With handle; touch hole now filled. Length 9½ inches, muzzle 1¾ inches, full diam. 3¼ inches. Rare early primitive piece of bronze. (Illustrated, p. 51)

339. SMALL 16TH CENTURY BRONZE SWIVEL CANNON. L. 13 in.
Half octagon barrel ending in a flower shape muzzle; 3 pair of scroll carvings set on the top, either side the touch hole and to guide the aim; pointed swivel for block.
Illustrated, p. 51 (wrongly numbered 317)

340. EUROPEAN GAME KEEPER'S OLD LEATHER AMMUNITION POUCH.

With shoulder strap and buckle, made of buckskin and ornamented with the hoofs, having a compartment for papers, for lunch and for shells. 10 x 7.

341. RIDING CROP. L. 26 ins.

Bone handle bronze mounted, signed "Callow & Son, Park Lane, London" (who went out of business in 1800).

A rather interesting souvenir of the Sporting Life of England over a hundred years ago in the days of Morland, Rowlandson and Alken.

342. SWORD CANE.

Very skilfully concealed in a polished cherry stick; the sword 18 inches long, of fine steel.

(Illustrated, p. 51)

343. SLENDER EBONY SWORD CANE.

Ivory grip, bronze mounts, thin flexible facetted and decorated blade.

(Illustrated, p. 51)

344. EUROPEAN SWORD CANE.

Stiletto shape blade incised with Trophy of Arms, etc.; ebony grip mushrooming at the end; bamboo cane bronze tipped.

(Illustrated, p. 51)

345. FILIPINO BOLO. L. 22 inches.

With native wood grip and crude sheath. "B 600" cut on blade.

346. SHORT SWORD. L. 26½ inches.

Metal quillons; hard wood grip shaped as a dog's head, and wood scabbard put together with small brads.

347. TWO HANDED JAVANESE SWORD. L. 30 ins.

Curved blade; an unusually long grip of 10 inches wound with rattan, with copper mount; the sheath of two strips of native wood bound with rattan.

348. SHORT FILIPINO BOLO. L. 21 ins.

2¼-inch tapering blade; brass grip and quillons; black leather sheath.

349. EAST INDIAN SHORT SWORD. L. 24½ in.

Slightly curved blade, hard wood grip with metal guard, pierced. Brass-mounted leather sheath.

350. FILIPINO BOLO. L. 26 ins.
Shaped boxwood handle, rather like a hoof; 2¼-inch blade tapering to a point and wide hard wood sheath in two pieces bound with rattan.

351. FILIPINO BOLO OF NATIVE MANUFACTURE. L. 20 ins.
Shaped flaring dark horn grip, 2½-inch blade shaped to a point, and red wood sheath, with slight carving and decoration.

352. KHOUTTAR FROM INDIA. L. 20 ins.
The wicked looking "Serpent's Tongue" dagger, with self grip, carved and native wood sheath covered with cloth.

353. MACHETE. L. 22 ins.
Wide blade; sheath of native wood wrapped with fine waxed thread; ebony grip with silver mount.

354. MALAY KRIS WITH WAVE BLADE. L. 28 ins.
Native wood grip, mushroom shape, and slight brass strip.

355. SPANISH BLADE. L. 28½ inches.
Quillons as a silvered snake, with slight shell shaped guard; carved buckhorn grip as a lion's head, ornamented with silver.
The blade inscribed with motto in Spanish, "Do not draw without reason, do not sheath without honor."

356. METAL POWDER FLASK WITH CHARGER.
Shot pouch of leather with brass charger; HAWKSLEY POWDER MEASURE of brass; metal powder measure; and three bullet moulds, one six-hole for about .38 cal., bronze, etc. (7)

357. HANDSOMELY BEADED INDIAN VEST.
Deerskin sleeveless vest, entirely covered with a field of bright blue beads, though which is worked detached pattern as conventional animal pelts in black, white, red and other beads. L. (back), 20 inches; width (waist), 40 inches. Lined with old pink cotton cloth.

358. FINE INDIAN LANCE AND SPEAR HEADS.
Hard stones in beautiful color, including pink, and a yellowish quartz with serrated edges. (18 pcs.)

359. INDIAN LANCE AND SPEAR HEADS.
Large size of quartz and other hard stones in beautiful colors and perfect condition. L. 4½ and shorter. (12 pcs.)

360. INDIAN LANCE AND SPEAR HEADS.
A similar group of perfect specimens in fine hard stones, but smaller in size. (20)

361. INDIAN LANCE AND SPEAR HEADS.
Very fine and perfect specimens, 4½ inches and smaller, including serrated edge spear head of yellowish quartz. (13 pcs.)

362. INDIAN ARROW HEADS.
Quartz in various colors and other hard stones with a few spear or lance heads. (48 pcs.)

363. INDIAN ARROW HEADS.
Similar group. Hard stones of fine texture and color and good condition. (32 pcs.)

364. SIX RARE SCRAPERS, 4 ins. and smaller.
Of slate, granite and quartz, for scraping skins, etc. (6)

365. FLAT CEREMONIAL PENDANT. 5 x 2 inches.
Probably marble or quartz, two perforations about 2 inches from either end; and two rare ceremonial gorgets, one perforated four times and the oval one twice. (3)

366. FOUR SMALL FLAT CEREMONIAL PENDANTS AND SMALL CELT.
One arrow shaped of quartz; one other of slate (perforated); one round medallion. (5 pcs.)

367. WAR CLUB OR HAMMER HEAD OF GRANITE. L. 4½.
VERY FINE EXAMPLE IN PERFECT CONDITION with deep narrow groove about the middle. (Illustrated, p. 51)

368. TWO FINE GRANITE CELTS.
Fine specimens in perfect condition. L. 5 and 3 ins. (2)

369. GRANITE CELT. L. 6 ins.
Fine and perfect specimen. (Illustrated, p. 51)

370. VERY FINE DIORITE AX. 3 x 2 ins.
Shapely and well grooved, small size. (Illustrated, p. 51)

371. VERY FINE GRANITE HATCHET. L. 5, width 2 ins.
Grooved 2⅛ inches from the blade, perfect specimen.
(Illustrated, p. 51)

372. INDIAN STONE GAME BALL.
Very rare, granite, size of a baseball and weight 1½ lbs. Diam. about 2½ ins. (Illustrated, p. 51)

373. FLINT AX. L. 4½ ins.
Good and shapely specimen. Weight 1 lb.

374. TWO GRANITE CHISELS. L. 4½.
Fine and perfect specimens; weight about 1 lb. each. (2 pcs.)

375. TWO PERFORATED CEREMONIAL AMULETS.
One good specimen. L. 3½ inches and one smaller damaged; both of grey-blue slate. (2)

376. RARE PERFORATED CEREMONIAL AMULET. L. 4 ins.
Shaped to pointed ends of grayish slate with agate markins.

377. HANDSOME LITTLE CHISEL.
Greenish slate, perfect specimen. L. 2¾ inches.

378. FINE GRANITE CHISEL. L. 6 ins.
Flattened on one side, rounded and shaped to an edge on the other. Weight 1 lb.

379. RARE AND UNUSUAL CEREMONIAL MACE. L. 4 ins.
Made of flint; shaped as a bag with round opening at top. Width 4 (widest). (Illustrated, p. 51)

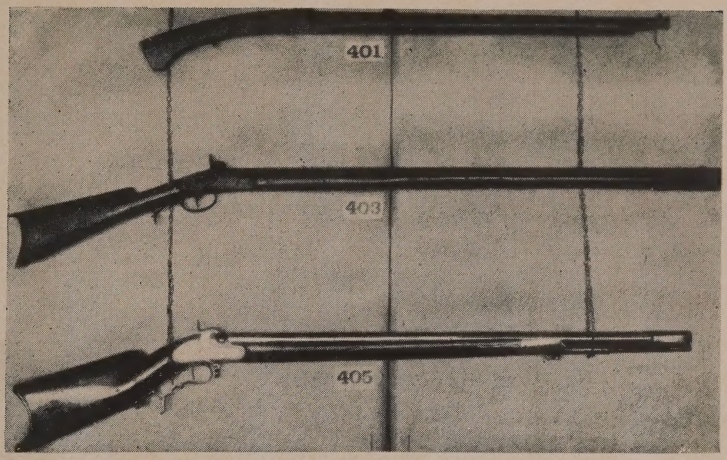
380. VERY FINE PESTLE FOR GRINDING CORN. L. 7.
Made of granite, with one flat end. Weight 1¾ lbs.

381. VERY FINE GRANITE AX. L. 7½ ins. (Illustrated, p. 51)
Beautiful and perfect specimen and of unusual form having shaped neck about 2 inches in width. Weight 2½ lbs.

382. HEAVY GRANITE AX. L. 6 ins.
Nice perfect specimen, grooved all around. Weight 2½ lbs.

---

400. FOREHAND & WADSWORTH LADY'S PEARL HANDLED REVOLVER. L. 6; Cal. .22. No. 965.
Rim fire; 7-shot, octagon barrel, side hammer with centre action, pearl grip. Mark: *Forehand & Wadsworth, Worcester, Mass.* Pats. Sep. 24, and Oct. 22, 1861.
(Illustrated, p. 51)



401. 17TH CENTURY JAPANESE MATCH-LOCK GUN. L. 40 ins.; Cal. about .44.

Octagon barrel, incised with Flaming War Dragon and inlaid with shibuichi with the crest of the Nobility; full extended wood stock and brass mounts, 2 brass encircling bands; cannon mouth and curious rear sight. No ramrod.

403. KENTUCKY "TIGER" RIFLE. L. 4 ft., 6 in. Cal. .36.

Long heavy Octagon barrel, "striped" curly maple fully extended stock, of the famous old "tortoiseshell finish," by being quarter-sawed, soaked in oil and rubbed with buckskin; brass mounts and patchbox; percussion transformed from flintlock, and with ramrod. Mark: "Union, Philadelphia," half of the top of the barrel prettily incised with flying ducks and reeds.

The "Kaintuck" was the first "express" rifle, a combination of sporting, target and military arm, "having great accuracy, high velocity, low trajectory maximum shocking power and minimum kick." It was the aristocrat among guns, long and graceful, and often highly ornamented.

405. SWISS PERCUSSION RIFLE. L. 52; Cal. .62.

Heavily grooved half octagon barrel; three-quarter extended stock, reinforced with steel band underneath; cheek-piece; shoulder groove with ball spur (to keep arm from slipping when rested on the floor); nicely made lock and fancy German silver guard over the double set trigger. No marks. Fine piece in good condition.

406. SWISS PERCUSSION RIFLE. L. 52.

Calibre about 62 and rifled with many grooves, large and heavy and could be use for target and sport use; the stock is fully extended with checkered grips; cheek piece; deep shoulder groove, with spur in the butt (to keep from slipping when set on the floor), ramrod and brass mounts (crack near lock). The lock is nicely made with dolphin hammer; double set trigger and guard of fancy design. No marks. A very handsome arm.

407. REMINGTON MUSKET WITH RAMROD. L. 48.

Percussion lock incised with eagle and "U. S. Remington's Ilion, N. Y." and the date 1863. Blued steel barrel, brass mounts and patch box, barrel stamped 1865, length 32 9-16 ins.

408. U. S. SPRINGFIELD MUSKET. MODEL 1873. L. 52.

Ramrod. Condition good. Model used by U. S. Army up to Spanish War.

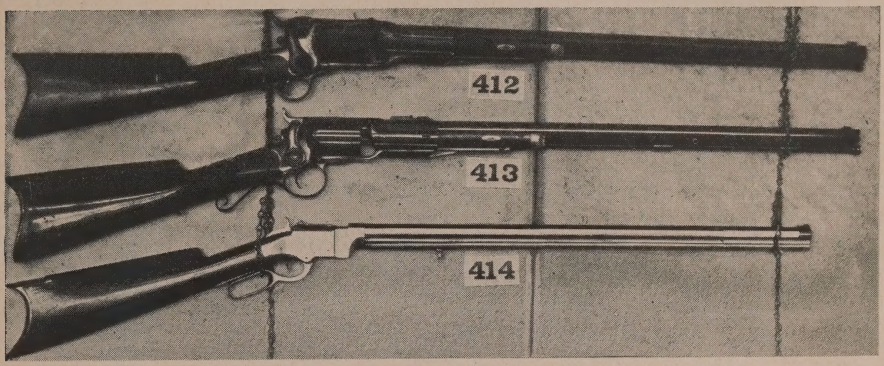
The Springfield constituted the official U. S. Army musket for over 50 years.

409. SPRINGFIELD RIFLE. MODEL 1878. L. 4 ft. 4 in.

With Buffington Windgauge and Ramrod. Blued steel barrel, serial No. 307,080; oval initial stamp on lock which is stamped "P V." 32 in. gun-strap.

410. FRENCH GRAS BREECH LOADING RIFLE. L. 52; Cal. .45.
With ramrod and sabre bayonet (and sheath). Bolt action. Mark 1867.
The original needle gun of the Franco-Prussian War.

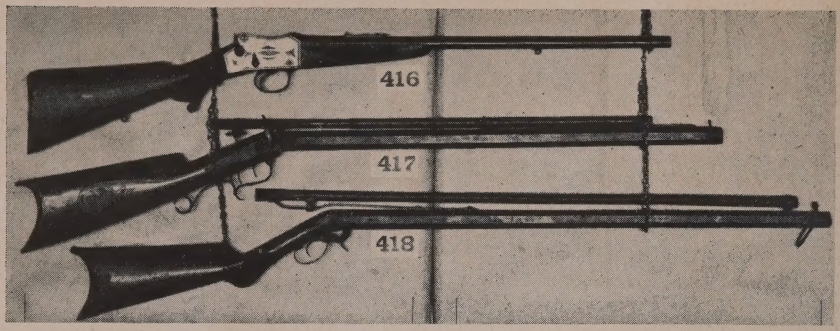
411. SWISS MODERN REPEATING RIFLE. L. 52; Cal. .44.
Block breech; bolt and magazine mechanism; black walnut extended stock, ramrod, elevating rear sight; blued. Mark: W. v. Steiger, Thun. In fine condition.



412. HANDSOME COLT BREECH LOADING REVOLVING SHOTGUN. L. 46; Cal. about .55.
Browned barrel, five-shot, brass trigger guard, side hammer, centre fire; fine polished burl walnut stock with checkered grip; ramrod with brass ball tip. Mark: Colt's Patent, Nov. 24, 1857, and Hartford, Conn., U. S. A.

413. COLT'S BREECH LOADING REVOLVING RIFLE. Cal. .36; L. 46.
Fine sporting rifle, metallic cartridge, centre fire; six shots. Browned barrel and fine polished burl walnut stock with checkered grip. Ramrod with brass ball tip. Mark: Colt's Pat. 1850 Address Col. Colt, Hartford, Conn., U. S. A."
In collector's condition.

414. FINE HENRY MAGAZINE RIFLE. L. 43; Cal. about .36.
The forerunner of the famous Winchester rifle, with polished brass frame, octagon barrel to magazine, centre fire, movable muzzle section, sliding carrier block. Mark: "New Haven, Conn., Feb. 14, 1854."
Splendid example in fine working order, except that coiled spring is missing in magazine chamber. See No. 464.



416. MARTINI HENRY (ENGLISH) BREECH LOADING SPORTING RIFLE CARBINE. L. 40 ins.; Cal. .32.

A very handsome arm, hammerless metallic cartridge; with safety bolt to secure the trigger. Polished mahogany stock, with checkered pistol grip and fore-stock; blued. Mark: "Army & Navy Co-Op. Soc., Ltd., London," and "Nitro proof," No. 23556.

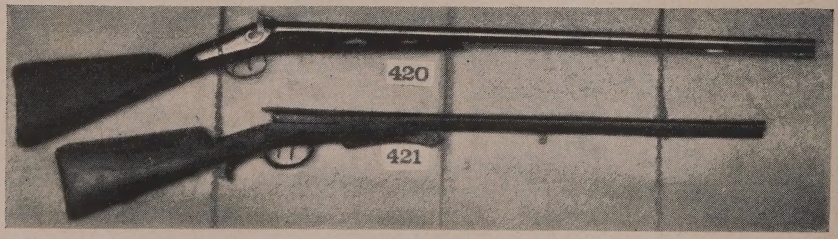
Factory new, and one of the finest examples to be offered at public sale; the frame of oxidised silver is chased and engraved in leaf and floral designs on pointille ground; and is outlined in the same; the trigger guard is also handsomely chased and engraved, and a silver name plate is inlaid into the stock.

417. WILMINGTON TELESCOPE RIFLE. L. 46 ins.

Heavy octagon barrel, bronze muzzle cap; hammerless, 18-shot cap and ball arm, with polished circassian walnut (repaired) stock; silver plated patch-box and trigger guard. Mark: "Wilmington Cast Steel."

418. TELESCOPE RIFLE. L. 48 ins.; Cal. .36.

Underhammer percussion rifle with telescope sight; heavy octagon barrel; false muzzle; fine polished stock and checkered pistol grip; bronze butt with deep shoulder groove, one end pointed No marks.



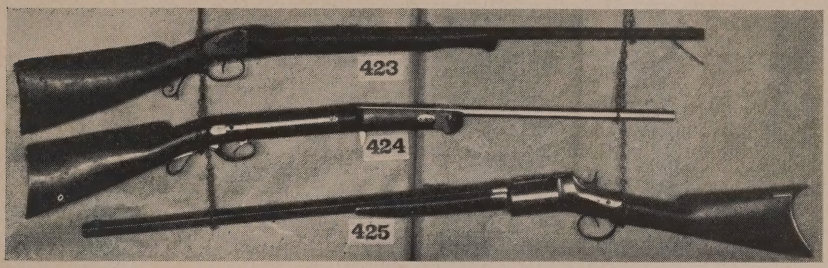
420. DOUBLE BARREL SHOT-GUN. L. 52.

Percussion; ramrod; silver mounts, and a line of silver inlay across the barrels; the lock carved with game birds feeding and on the wing; walnut stock with crack repaired.

421. SPORTSMAN'S DOUBLE BARREL SHOT-GUN. L. 44.

Signed *F. V. Dreyse, Sommerda.* Breech-loader, the barrels of the finest polished steel inlaid with a scroll-design in gold; and there is a dog inlaid in silver and other fine workmanship; the stock has checkered grip and cheek-piece. No hammers, a lever to right swings the barrels up for loading. Ramrod.

An unusually fine piece in perfect condition.



423. CONNECTICUT "PUMP" AIR GUN. L. 46; Cal. .22.

Octagon barrel, mahogany stock, cheek-piece; no marks.

Of Connecticut make, about 1820, and described as "The gun wound with a crank" from the side handle necessary to its operation in pumping air into the chamber; it proved so dangerous a silent machine of death that it was against the law to possess it; a slight click only accompanying the volleying of the bullet.

424. INTERESTING AIR GUN OF NEW YORK MAKE. L. 41; Cal. .22.

Octagon barrel, black walnut stock and cheek piece; hammerless; the brass trigger-guard acting as hammer; engraved tubular steel air-chamber, with name "Wm. Raub's" German silver mounts (one small piece missing). Mark: "W. Raubs, New York" on top of barrel.

425. ROPER RIFLE. L. 49 ins.; Cal. .32.

Heavy octagon barrel; revolving breech loader, four shots, walnut stock; elevated rear sights (2), and ring front sight, marked "Roper Repeating Arms Co., Hartford, Conn.," Pat. 1866-1868.

Very rare example, see No. 482 for the Roper Shot Gun. One of the most interesting forms of the early application of the revolving system to breech-loaders. S. H. Roper, the inventor of this mechanism, early achieved fame by his "detachable choke" to be screwed on the single-barrel shot-guns, which was illustrated in Greener's book "The Gun."

426. PORTER NINE SHOT CAP AND BALL. L. 46; Cal. .50.

A revolving, breech-loading, percussion rifle, with heavy octagon barrel, firing a paper cartridge; the cylinder revolving on a *horizontal axis at right angles to the barrel.* Hammer on the side; cylinder revolved by a lever (Winchester Style) underneath. Rammer on top of the barrel for seating bullets in the cylinder. Mark: *Porter's Patent,* 1851, *Address P. W. Porter, New York.* Lacks the front sight.

One of the rarest of the early "freak" revolving rifles. It is said that but sixteen of these rifles were made, and the inventor himself killed while exhibiting it; the heat of the firing setting off the cartridge that faced him from its position in the cylinder. Col. Colt was said to have been present when the accident happened.

428. LINDSAY TWO SHOT SINGLE BARREL MUZZLE LOADING RIFLED MUSKET: EXPERIMENTAL. L. 56; Cal. .58.

Black walnut fully extended stock; double hammer and single trigger, traces of original browning. Ramrod. Mark: *Lindsay Pat. Oct.* 9, 1860 (made at the Springfield Armory).

A VERY RARE EXPERIMENTAL WEAPON, with the interesting feature of firing two charges, loaded *one on top of the other* from its single barrel. The inventor, J. P. Lindsay, believed that the bullet of the rear charge would act as a base and gas check for the front charge. His lock mechanism was certainly ingenious; the trigger works perfectly, the fire from the right hammer running to forward charge of powder; the left fire touching off the rear charge. It was made to surprise Indians by holding a reserve fire when they charged en masse after drawing the fire of a small outpost (when Mr. Lindsay's brother was killed by them). They appeared sporadically in the Confederate army, but NEVER BECAME POPULAR, A VERY FEW WERE MADE AND IT IS NOW ONE OF THE RAREST AMERICAN MADE GUNS.

429. HANDSOME COMBINATION SIDE-HAMMER SHOT GUN AND RIFLE. L. 43 ins.; Cal. .32 and .44.

An Arm of the highest grade with superposed barrels; fine burl walnut stock; brass tipped ramrod, and another; brass mounts; a silver medallion inlay incised with a Spread Eagle and 13 Stars and other silver inlay. The two hammers at the side spring from a single stem; controlled by a single trigger. Mark on lock; "H. D. Rodgers."

The Arm is of light weight and beautifully proportioned and finished. Rodgers was among the first to develop the revolver.

430. (SPENCER REPEATING RIFLED CARBINE). L. 48; Cal. .56.

Side hammer, metallic cartridge; with thin removable steel loading chamber, shells feeding in with lever underneath, spring in lock missing. Serial 13090, no other marks. (C. M. Spencer's patent, probably).

431. SHORT COMBINATION ARMY-FIELD RIFLE. L. 37.

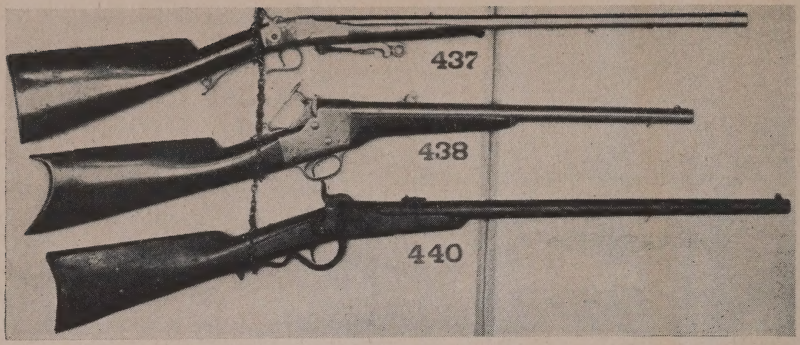
Percussion, breech loader, brass frame, el. rear sight. Stock repaired with screws. Mark: *Warner's Patent.*

432. SPECIAL GERMAN RIFLE. L. 41; Cal. about .36.

Double trigger, 18 shot magazine worked by a side lever, chased and engraved, octagon barrel, burl walnut stock, carved cheek-piece, checkered grip. Mark: *H. Lustman in wolfenbuttel.*

433. SHARP'S CARBINE: LAWRENCE PAT. L. 40 in.; Cal. abt. .50.

Metallic cartridge; Sep. 12, 1848, and also Patents of 1852 and R. S. Lawrence, 1859. Burl mahogany stock; el. rear sight. Mark also: *New Model,* 1865.

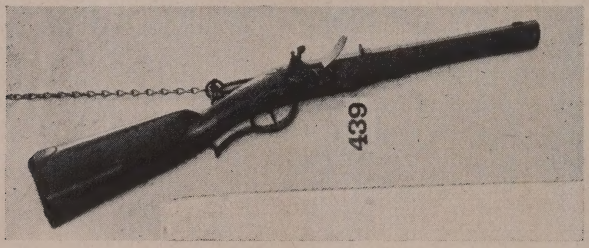


437. VERY ODD PERCUSSION RIFLE. L. 39 ins.; Cal. about .40.

Octagon barrel, underhammer, and *fake side-hammer;* breech-loader, handsome circassian walnut stock; cheek-piece; cap-box in the butt. No marks, but resembles Volcanic.

438. RIFLED CARBINE. L. 36 in.; Cal. ½ inch.

Steel frame, fine burl walnut stock, 3 sights, including el. rear sight. No marks, fine condition.



439. FLINT LOCK FRENCH CARBINE. L. 28 in.; Cal. ⅞ of an inch.

Belled and rifled octagon barrel; brass mounts, holster hook and ring; walnut stock and cheek piece with sliding chamber. Mark: *Versailles* 1789. Complete with flint.

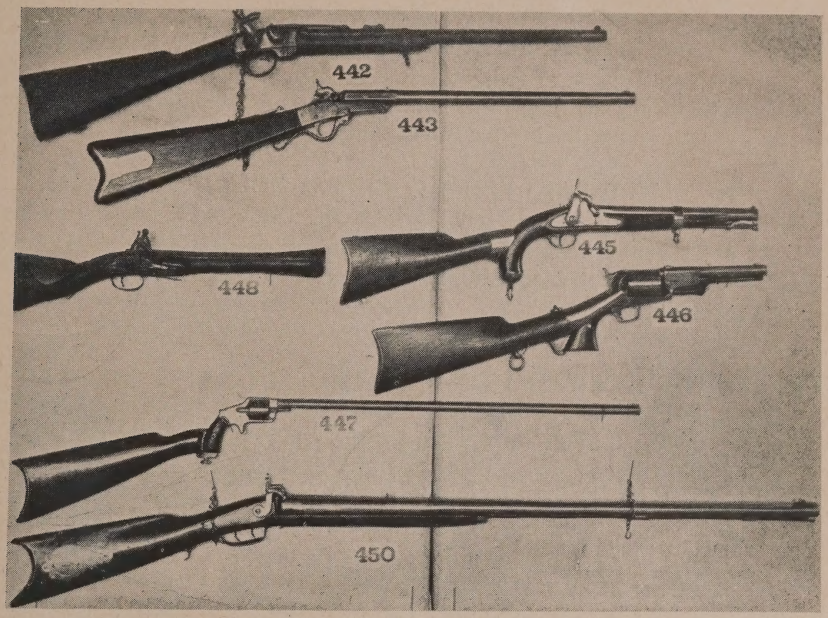
A very interesting piece dated at a time of the great unrest in France under Louis XVI, leading immediately to the French Revolution.

440. RICHARDSON & OVERMAN RIFLED CARBINE. L. 38; Cal. .54.

Paper cartridge. Serial 17,921. Good condition. Mark: *M. J. Gallagher's Patent,* 1860. Phila., Pa.

442. POULTNEY & TRIMBLE CARBINE: 1857.

Round barrel, el. rear sight, serial 6968. Mark: *Mfg. by Mass. Arms Co., Chicopee Falls, Address P & T, Baltimore, U. S. A. Smith's Patent,* 1857.



443. MAYNARD RIFLE: Case and Equipment. L. 44; Cal. about .40.

Percussion; part octagon blued barrel; el. rear sight; walnut stock. Mark: *Maynard Patent,* 1845-1851-1856. *Mfg. by Mass. Arms Co., Chicopee Falls. Serial* 1239.

Fine first model taking a copper cap, embodying the invention of Dr. Ed. Maynard, a Washington dental surgeon, famous for the "tape primer." "The arm which sped the departing cap lock and paper cartridge and the only one based on sound principles."

445. HIGH GRADE SPRINGFIELD CAVALRY PISTOL WITH STOCK. L. 18; Cal. 9-16 inch.

Smooth bore, brass mounted, swivel ramrod; detachable stock. Mark: *U. S. Springfield,* 1855. For cap, or paper cap. Gun is arranged with a special device in lock plate where roll of paper caps can be placed and as gun is cocked, pushes tape forward so that cap is over nipple. Plain musket cap may also be used.

446. COLT REVOLVER WITH DETACHABLE STOCK. L. 28 ins.; Cal. .44.

Percussion; 6-shot; Serial 17675; brass trigger guard; walnut stock and detachable stock with ring. Mark: *Address Saml. Colt, New York, Colt's Patent.* "The Old Model."

447. TRANSFORMED SCOTT REVOLVER, RIM FIRE. Cal. .38. L. 42.

Smooth bore round brass barrel 24½ inches long, attached to a Scott 5-shot, with hard rubber grip, and detachable mahogany brass-mounted shoulder stock. Mark, as above and Pat. 1871, '79.

448. UNUSUAL INLAID FLINT-LOCK BLUNDERBUS. L. 21½.

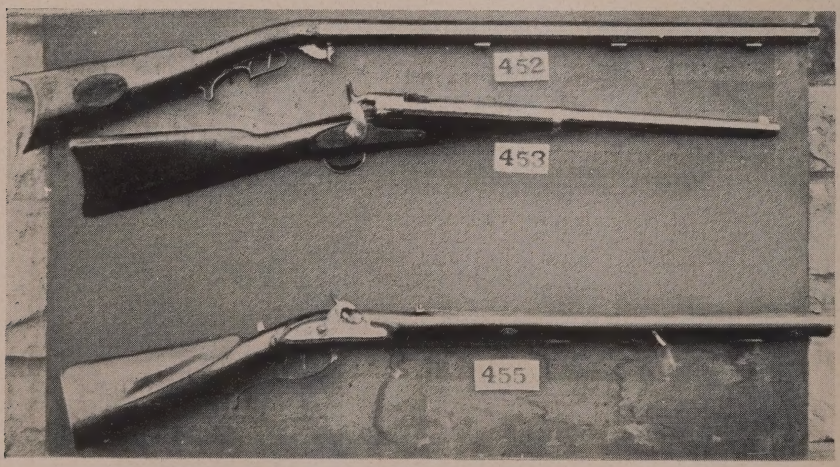
Carved extended stock, grip 6 in. (making it more like an arquebus); barrel inlaid in leaf and scroll design with bell muzzle; cheek pieces inlaid in silver wire; beautifully checkered stock as strapping.

Rare early example.

450. TOWER (ENGLISH) COMBINATION SHOT-GUN AND RIFLE. L. 54; Cal. .45 and .55.

Percussion; fine old "Tower" Sporting Arm, with curly maple stock, ramrod, brass tipped; brass mounts and patch-box; right barrel for bullet, and left for shot; double trigger. Mark: *Tower and hunting dog engraved on lock,* and the name "J. O. Rice" in script on top.

High grade piece in fine condition. George IV period about 1820.



452. OLD NEW HAMPSHIRE UNDERHAMMER SPORTING RIFLE. L. 46; Cal. .55.

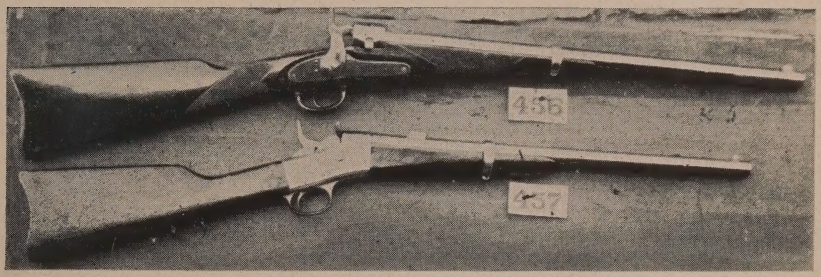
Heavy octagon barrel, ramrod; underhammer and thorn trigger on brass; mahogany stock with silver name plate and cap-box (now covered with leather). Mark: H. B. Hamilton. Lebanon, N. H., and Hitchcock and Muzzy.

453. JOSLYN BREECH LOADING RIFLED CARBINE. L. 38; Cal. .55.

Metallic cartridge, rim fire, breech block, saddle ring. Mark: Joslyn Firearms Co., Stonington, Conn., 1864, and 5736 in the block.

455. CAP AND BALL HUNTING OR TARGET RIFLE. L. 42.

Heavy calibre, slightly belled octagon barrel, heavily rifled; with extended mahogany stock, cheek piece and brass mounts; ramrod. Marks: None; note the extra spur-trigger.



456. JOSLYN BREECH LOADING RIFLED CARBINE. L. 40; Cal. .55.

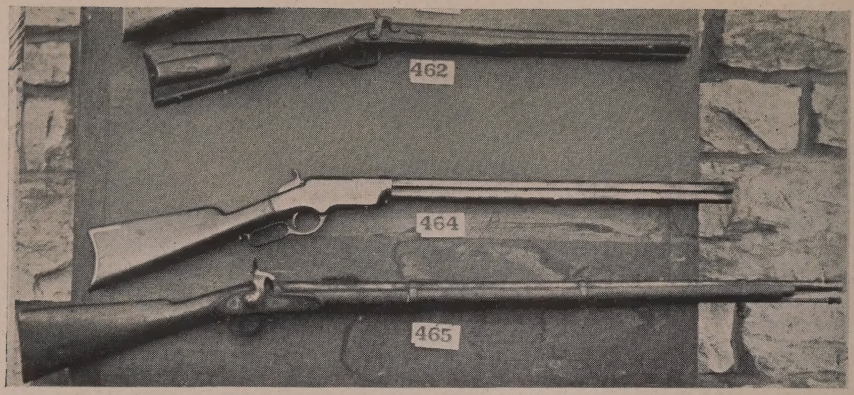
Metallic cartridge, rim fire, side-hammer, brass mounts, walnut stock with checkered grip. Pat. 1861, 1862. Serial 2321. Ring for saddle. Mark: *Joslyn Firearms Co., Stonington, Conn.*

457. REMINGTON BREECH LOADING RIFLED CARBINE. L. 36 ins.; Cal. .56.

Centre fire, metallic cartridge: "C. F." scratched on stock Mark worn but "Ilion, N. Y.," and pat. 1854, etc., still readable.

462. CAP & BALL SHORT HEAVY BORE RIFLE. L. 37.

Extended apple or pear wood stock; with slug box and cheek piece; two triggers; percussion; octagon, slightly belled barrel; brass mounts, inlay and brass-tipped ramrod. Mark: None. Shield shaped silver plate with monogram "G. L. F."



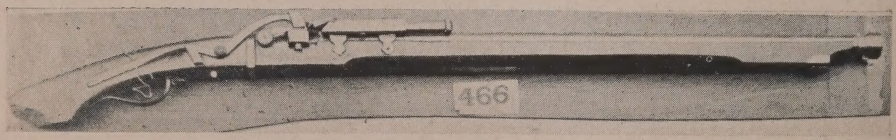
464. HENRY METALLIC CARTRIDGE REPEATING RIFLE. L. 43; Cal. .38.

The evolution of the Winchester; which began about 1850 when Tyler Henry, an expert gunsmith, evolved an arm which used primed and loaded bullets fed from the magazine to the barrel by the movement of the trigger guard used as a lever. Octagon barrel, 15-shot, to the magazine with movable muzzle section; brass frame, centre fire, sliding carrier block.

A fine example of this earliest repeater. Mark: Henry Patent, 1860, New Haven Arms Co., etc.

465. ENGLISH MILITARY ARM: CONVERTED PERCUSSION. L. 55.

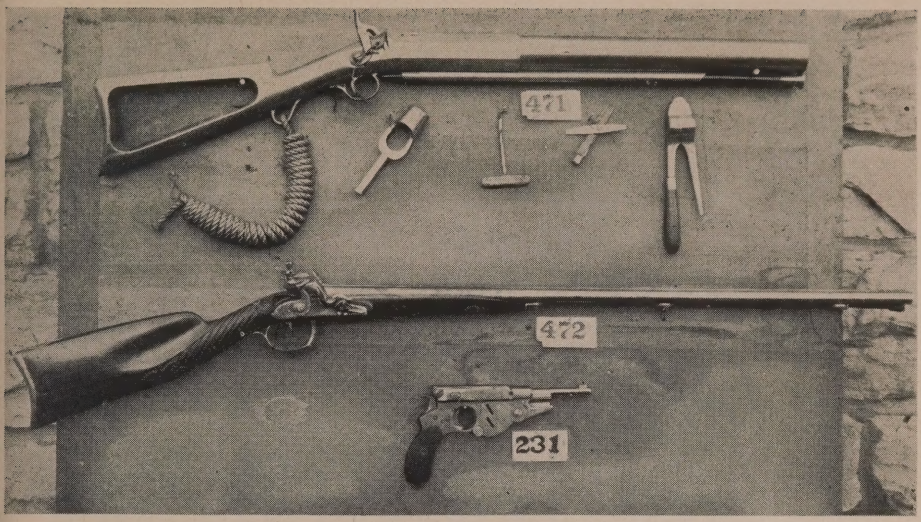
With spiral top bayonet, brass mounts. Marks: "1862, Tower" (the seal of approval of the English Government) and a "crown." proof marks and "25."



466. 17TH CENTURY JAPANESE MATCH-LOCK GUN. L. 44 ins.

Heavy octagon barrel with extended octagon stock, indented neck and belled mouth; the barrel inlaid with the Kiri Crest (a mark of the Nobility) in gold bronze; bronze lock and mounts

An extremely rare and genuine piece in remarkable preservation being complete in the original working condition, except that the ramrod is missing. It was on Exhibition at the World's Fair, St. Louis, as an especially rare piece.



No. 231 on this cut should be No. 190

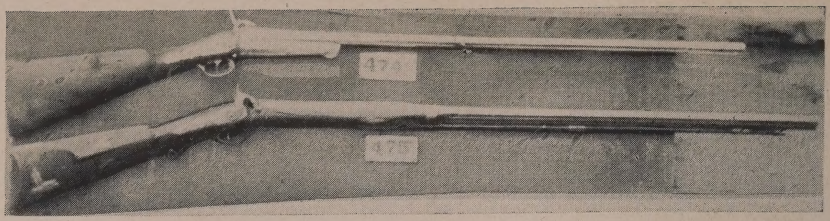
471. OLD "BRAND" WHALING GUN. L. 37.

Percussion; heavy steel, octagon barrel for a third of its length, all metal with skeleton stock; with bullet mould, wad cutter, brass-tipped ramrod and rope.

472. NAPOLEON I.'s DOUBLE-BARREL SHOT-GUN. L. 48; Cal. about .55. Weight 6 lbs., WITH DOCUMENTS.

Polished steel barrel showing the original brown twist; the lock, hammers and butt plate engraved; the trigger guard beautifully incised with a wolfhound; the screw plates are of silver and the metal tipped ebony ramrod is set in silver thrusts. The finely polished burl walnut stock has cheek-piece outlined as wing-tipped feathers, and the forestock engraved in a strap and checkered pattern, repeated at the grip which ends in a beautifully proportioned laughing Masque of Pan.

This Fire-arm is undoubtedly one of the most valuable in existence. The Emperor had a friend, Lord Athlone, who owned a hunting estate in Holland. Napoleon was known as something of a sportsman and occasionally visited the environs of his friend's estate, and the gun was a gift from him to his host. Athlone had one son and also adopted the son of his steward. When the old lord died his own son came into the estate and the foster brother came to America. Before he left the young lord gave him the Napoleon gun as a mark of affection. It was in Chicago many years ago that the present owner heard of the gun, the foster brother's grandson owning the fire arm. He, too, was a collector and would not part with it. Death settled the question, the widow disposing of the gun to the present owner, and it is now the crowning one of a very fine collection.



474. BEAUTIFUL LIGHT WEIGHT SPANISH FOWLING PIECE. L. 47; Cal. ¾.

Breech-loading; single shot, pin fire, chestnut stock with checkered grip, octagon at the breech, tapering to round. Mark: Canon Garantisado obea Herm's y Ca Eibar (Gun guaranteed to be the work of H. & C. Eibar.)

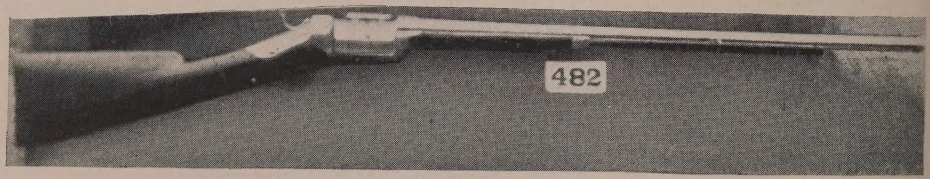
475. BAKER (A.) CAP AND BALL RIFLE. L. 53 in.; Cal. about .40.

Percussion, brass mounted; ramrod. Heavily rifled one-quarter octagon barrel; converted from flint-lock; silver name plate and silver silhouette figures of Hunter, Moon, Birds and Dogs ornament the stock, which is half extended. Marks: "*A. Baker*" on lock and "J. M. McClallen, Auburn" on top of barrel.

480. U. S. SPRINGFIELD MUSKET. MODEL 1873.

Ramrod. Condition good. Model used by U. S. Army up to Spanish War.

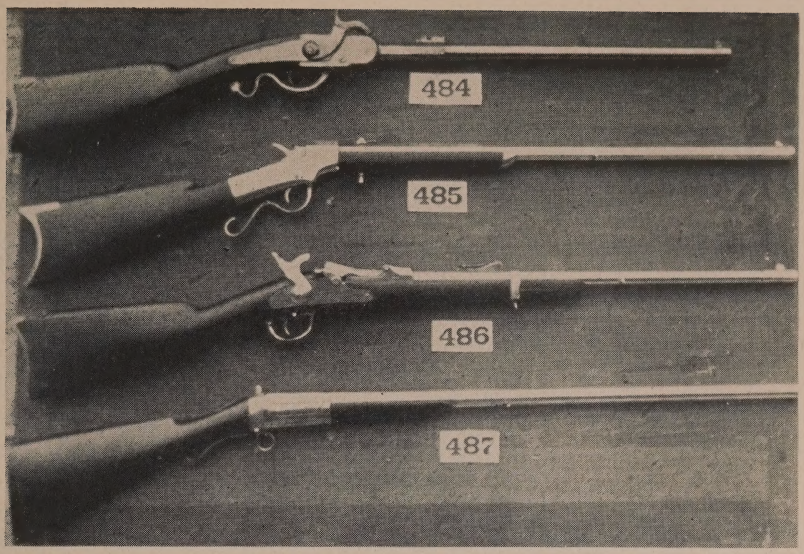
The official U. S. Army musket for over 50 years.



482. ROPER REPEATING SHOT-GUN. L. 48 in.; Cal. .64.

Revolving breech loader, four shots, banded mouth, marked Roper Sporting Arms Co., Hartford, Conn., Pat., 1866-68.

A fine shot gun in good condition, and very rare form (see note to No. 425, the Roper rifle).



484. UNION RIFLED CARBINE. L. 38; Cal. about .55.

Paper cartridge; El. rear sight, walnut stock. Mark: "*Gwyn & Campbell, Patent*, 1862, *Hamilton, O.*" Sometimes called "The Cosmopolitan."

485. SCARCE BALL & WILLIAMS SINGLE SHOT RIFLED CARBINE.

Originally rim fire; operated by a lever underneath; octagon barrel walnut stock. Mark: "Ball & Williams, Worcester, Mass., Pat., 1861, Merwin & Bray, Agts." Serial 6084.

Similar to the favorite "Pacific Ballard," highly prized for buffalo hunting and Indian fighting on the western plains in the early days, and has been used in many such fights.

486. SHARP'S U. S. SPRINGFIELD RIFLED CARBINE. L. 40; Cal. .45.

Breech loading; percussion, centre fire; model of 1873. Serial 37607, with hammer to side of barrel.

487. RARE SINGLE-SHOT HAMMERLESS ARM. L. 42 in.; Cal. ¾ in.

Self cocking ring trigger, brass mounted; beautiful rosewood stock; deeply incised butt plate in brass with cap-box; tip-down, breech-loading, by means of lever underneath. Mark: Script on top of barrel "F. R. S. L., 260-R, 1883, No. 8 r." Needs spring repaired.

Very rare light weight 8-guage hammerless. A single-shot breech loading (break-down) shotgun made by Charles Tutts about 1875. The only one made.

488. SHARP'S BREECH LOADING RIFLED CARBINE. L. 48 ins.; Cal. about .50.

Percussion and tape lock, metallic patch-box. Cartridge; Mark "C. Sharp's Patent, Sep. 12, 1848," also 1852; "R. S. Lawrence Patent, Apl. 12, 1859." Fine condition. No. 56721.

492. ARMY DUTCH NEEDLE GUN. L. 53; Cal. about .50.

Extended walnut stock and ramrod. Breech block, bolt mechanism, 1873 model with proof marks of a crowned "B" and circular blind stamp in the stock "Delft W. 73" with a crown. The Nos. 1389 and 4315 on the butt.

500. HENRY UNDERHAMMER PERCUSSION RIFLE. L. 40; Cal. about .44.

Octagon barrel inlaid with a silver band at either end set in a curly maple stock inlaid with German silver ornaments; spur trigger and underhammer; two of the ramrod thrusts on the side wanting. Mark: "*J. Henry.*"

(Illustrated, p. 51)

501. PEABODY-MARTINI BREECH LOADING SPORTING RIFLE. L. 48; Cal. .44.

"M'f'd. by the Providence Tool Co., Prov., R. I." Engraved lock plate "What cheer." 32 inch barrel, half octagon, fine sporting sight. Almost factory condition, checkered grips. Scarce.

503. ENGLISH FLINT-LOCK HUNTING RIFLE. L. 44; Cal. about .55.

Octagon barrel to within 4 inches of the breech, enclosed rosewood stock with cheek piece and patch box let in for slugs. Brass mounts, ramrod and holster hook. Mark: "Willets" and London bench marks.

504. FLINT-LOCK MUSKET BY WICKHAM. 1826. L. 5 ft., 10 ins.; Cal. about .60.

A good old Philadelphia musket, with ramrod and flint. Mark: M. T. Wickham, U. S., Phila., 1826.

505. MERIDEN RIFLED CARBINE. L. 46; Cal. about .50.

Percussion, breech loading with magazine in the stock of black walnut. Mark: *Meriden Mfg. Co., Meriden, Conn.*, No. 2605.

507. BURNSIDE BREECH LOADING RIFLED CARBINE. Metallic cartridge, calibre .50.

Stamped "Burnside Rifle Co., Providence, R. I." Model of 1864.

A movable chamber is pivoted in front under the barrel, in closing, the breech-block has a forward movement, pushing a tapering cartridge into the barrel. A very popular light carbine of the Civil War.

508. AUSTRIAN PERCUSSION CARBINE. L. 30; Cal. .75.
Round barrel, three-quarter extended stock; with heavy steel band; ramrod; side action; cavalry link and short chain.
Purchased by the U. S. Government at the beginning of the Civil War for the Cavalry, but immediately discarded, and now very rare.

509. HALL'S BREECH LOADING PERCUSSION RIFLE. L. 53; Cal. .54.
Paper cartridge; ramrod. Mark: *J. H. Hall, H. Ferry*, 1832. *U. S.*
The first breech-loader patented in the U. S. (1811) and the first adopted or used by any Army.

510. CURIOUS OLD SUPERPOSED DOUBLE BARREL SHOT-GUN. L. 52; Cal. about 1 inch.
Spur trigger; tip broken, stock repaired at lock and lacks ramrods. No marks, but very unusual of such large calibre in a superposed double barrel gun.

511. ENGLISH (FORD) DOUBLE BARREL SHOT GUN. L. 52; Cal. about .55.
Mahogany stock with checkered grip, repaired and strengthened with wire; silver inlay; ramrod; incised lock and trigger, and a nice Huntsman and dogs in silver inlay on the top of the browned barrels. Mark: "*Ford Bros., London Fine Twist.*"

512. LIGHT DOUBLE BARREL SHOT-GUN. L. 50; Cal. about .55.
Mahogany stock slightly carved and checkered with cheek-piece, repaired at the grip with a brass band; brass tipped ramrod. Mark: *Duesberg . . Soest,* either side of lock.

543. UNUSUAL FLINT-LOCK BRASS MOUNTED BLUNDERBUS. Length 22 inches.
Bell muzzle with flare of one inch; engraved brass mounts; and extended stock of close grained wood resembling curly maple; sunken proof marks at the breech.
Rare form of pistol, intended to be held against the breast and fired. (Illustrated, p. 51)

See foreword for explanation of numbers corresponding with the owner's private number on the guns. There are actually only 381 lots offered.
